

CarMax – Littleton, CO – Parking Lot Expansion

CarMax has been a valuable asset to the Littleton community since it opened on 12/12/2012, and is home to over 60 CarMax employees. Over the years CarMax has served thousands of regional buyers and sellers of vehicles through our Littleton location. The resale car market is a critical component of the economy and CarMax is a leader in this field.

Our Littleton location has seen success and growth over the 12 years it that it has been operating. In order to continue to accommodate the Littleton community and our customers at large we require additional space to prep cars for sale. This will allow us to serve more customers and provide enhanced service.

While the exact economic impact on the community is difficult to quantify, it is anticipated that this will result in an additional sale of up to 200 cars annually. We currently employ 61 and with an increase in business would anticipate the potential to add staff as needed.

Overall, CarMax is proud to be a business member of Littleton. This rezone and CUP request serves as our commitment to our continued place in the economy of Littleton and the region.
