SUBJECT: Phase I Code Change Survey Summary

Background

The city was tasked with developing a survey to better engage the community and elicit feedback on proposed code amendments. The following is a summary of results for survey responses and emails received by 12:00 p.m. on March 17, 2020.

Summary of Results (3/17)

The city has received 13 survey responses through the linked survey on LittletonPlans. The individual survey responses are attached. The majority of respondents from the survey are residents of Littleton, one was a developer who also happens to be a resident.

1. Are you a (check all that apply)
