MASTER SIGN PLAN INTENT AND PURPOSE

Purpose:

- To discuss changes made to the previously discussed Master Sign Plan.
 - Planning Commission – February 24th
 - Joint City Council/Planning Commission – March 11th
 - Planning Commission – April 28th
 - Planning Commission Recommendation – June 9th
 - City Council First Reading – July 15th

MASTER SIGN PLAN INTENT AND PURPOSE

What is a Master Sign Plan?

- A signage plan for a commercial, industrial, or campus environment.
- Many municipalities utilize Master Sign Plans, but the implementation varies.
- The Master Sign Plan complies with several of the City's initiatives:
 - Strategic goal of a Robust and Resilient Economy
 - Comprehensive Economic Development Strategy (CEDS) pillar #1 Business Vitality and Adaptability.
 - Envision Littleton's Land Use and Community Character Goals:
 - #2 A sustained focus on the long-term fiscal sustainability of Littleton City government while recognizing the direct connection to the community's land use mix, especially for sales tax revenue needs.
 - #4 A more attractive community, based on quality design and character of both private development and the public realm.
- Planning Staff conferred with the Economic Development Department and stakeholders in the preparation of this text amendment.

MASTER SIGN PLAN INTENT AND PURPOSE CONTINUED

- The ULUC currently references Master Sign Plan in two places:
 - Section 10-3-5.1 *CMU Sign Types and Standards*
 - Section 10-5-5.1 *BI Sign Types and Standards*.
- In both locations the section indicates “Reserved”. These two sections are proposed to become references to a new section on Shopping Center and Campus Signage Plans.
- The proposed process would be an administrative approval with maximum signage parameters.

MASTER SIGN PLAN INTENT AND PURPOSE CONTINUED

Purpose:

- 1. Consistent with the city's design standards*
- 2. Adhere to development's design guidelines if applicable*
- 3. Promote economic development*
- 4. Contribute positively to the built environment*
- 5. Align with zoning and land use regulations*
- 6. Balance aesthetic consistency; and*
- 7. Ensure regulatory compliance and functionality*
