

PERFORM. LIKE NO OTHER.

This Purchase Agreement (together with all attachments referenced herein, the "Agreement"), made and entered into by and between Pierce Manufacturing Inc., a Wisconsin corporation ("Pierce"), and City of Littleton, a municipal corporation of the State of Colorado ("Customer") is effective as of the date specified in Section 3 hereof.

1. Definitions.

- a. **"Product"** means the fire apparatus and any associated equipment manufactured or furnished for the Customer by Pierce pursuant to the Specifications.
- b. **"Specifications"** means the general specifications, technical specifications, training, and testing requirements for the Product contained in the Pierce Proposal for the Product prepared in response to the Customer's request for proposal.
- c. **"Pierce Proposal"** means the proposal provided by Pierce attached as Exhibit C prepared in response to the Customer's request for proposal.
- d. **"Delivery"** means the date Pierce is prepared to make physical possession of the Product available to the Customer.
- e. **"Acceptance"** The Customer shall have thirty (30) calendar days of Delivery to inspect the Product for substantial conformance with the material Specifications; unless Pierce receives a Notice of Defect within thirty (30) calendar days of Delivery, the Product will be deemed to be in conformance with the Specifications and accepted by the Customer.

2. Purpose. This Agreement sets forth the terms and conditions of Pierce's sale of the Product to the Customer.

3. Term of Agreement. This Agreement will become effective on the later of the date it is signed and approved by Pierce's authorized representative or the date it is signed and approved by Customer's authorized representative pursuant to Section 22 hereof ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon the Customer's Acceptance and payment in full of the Purchase Price, provided however that the terms of this Agreement, which are, by their nature, intended to survive termination, shall survive termination.

4. Purchase and Payment. The Customer agrees to purchase the Product specified on Exhibit A for the total purchase price of \$698,951.00 ("Purchase Price"). Prices are in U.S. funds.

5. Future Changes. Various state or federal regulatory agencies (e.g. NFPA, DOT, EPA) may require changes to the Specifications and/or the Product and in any such event any resulting cost increases incurred to comply therewith will be added to the Purchase Price to be paid by the Customer, provided Customer has been given notice of such Purchase Price increase and given the opportunity to terminate this Agreement or submit a Change Order. The foregoing shall control over any contrary provision in the Pierce Proposal or Customer Specifications notwithstanding anything in Section 21 to the contrary.

6. Agreement Changes. The Customer may request that Pierce incorporate a change to the Products or the Specifications for the Products by delivering a change order to Pierce; provided, however, that any such change order must be in writing and include a description of the proposed change sufficient to permit Pierce to evaluate the feasibility of such change ("Change Order"). Within seven (7) business days of receipt of a Change Order, Pierce will inform the Customer in writing of the feasibility of the Change Order, the earliest possible implementation date for the Change Order, of any increase or decrease in the Purchase Price resulting from such Change Order, and of any effect on production scheduling or Delivery resulting from such Change Order. Pierce shall not be liable to the Customer for any delay in performance or Delivery arising from any such Change Order unless such delay is caused by Pierce's negligence or breach of contract in connection with complying with the provisions of the Change Order. A Change Order is only effective when counter-signed by Pierce's authorized representative.

7. Cancellation/Termination. Except as otherwise provided in this Agreement, in the event this Agreement is cancelled or terminated by Customer before completion, Pierce may charge a cancellation fee. The following charge schedule based on costs incurred may be applied: (a) 10% of the Purchase Price after order is accepted and entered by Pierce; (b) 20% of the Purchase Price after completion of approval drawings, and; (c) 30% of the Purchase Price upon any material requisition. The cancellation fee will increase accordingly as costs are incurred as the order progresses through engineering and into manufacturing. Pierce endeavors to mitigate any such costs through the sale of such Product to another purchaser; however Customer shall remain liable for the difference between the Purchase Price and, if applicable, the sale price obtained by Pierce upon sale of the Product to another purchaser, plus any costs incurred by Pierce to conduct any such sale.

8. Delivery, Inspection and Acceptance. (a) Delivery. Delivery of the Product is scheduled to be within 10 to 11 months of the Effective Date of this Agreement, F.O.B. Pierce's plant, Appleton, Wisconsin. Risk of loss shall pass to Customer upon Delivery. (b) Inspection and Acceptance. Upon Delivery, Customer shall have thirty (30) days within which to inspect the Product for substantial conformance to the material Specifications, and in the event of substantial non-conformance to the material Specifications to furnish Pierce with written notice sufficient to permit Pierce to evaluate such non-conformance ("Notice of Defect"). Any Product not in substantial conformance to material Specifications shall be remedied by Pierce within thirty (30) days from the Notice of Defect. In the event Pierce does not receive a Notice of Defect within thirty (30) days of Delivery, Product will be deemed to be in conformance with Specifications and Accepted by Customer. If Customer provides a Notice of Defect, and the Product must be returned to Pierce's plant or anywhere other than Customer's facilities in Littleton, Colorado, Pierce shall pay for all costs of return and re-delivery back to Customer. Upon such re-delivery, the process for inspection and acceptance provided above shall begin anew.
