Investigation:
ASSIGNMENT:

On 06.25.2017 at approximately 2023 hours, I was dispatched to the area of Platte River Bar and Grill at 5995 South Santa Fe Drive, City of Littleton, County of Arapahoe, State of Colorado, on report of a motor vehicle accident involving a vehicle and a motorcycle.

INVESTIGATION BY: K. HANSTROM 201508

I arrived on scene and observed a white Toyota Prius (bearing Colorado license plate 531HWQ) stopped in the number 1 lane facing southbound with significant front end damage, and a red Harley Davidson motorcycle laying on its right side in the number two lane, facing westbound. Due to injuries the passengers of the motorcycle sustained, the on-call Traffic officer was called. CPL QUINTANA responded to the scene to complete the accident investigation. (See Cpl QUINTANA's supplemental report and accident investigation form for more information). Witnesses on scene stated the red motorcycle had entered the intersection from the Platte River Bar and Grill and attempted to make a left-hand turn following another motorcycle who had done the same. Several cars came to a stop in lanes 3 and 2, however the Prius traveling in lane #1 was unable to see the motorcycle entering the lane of traffic and collided front to side with the motorcycle. The impact caused both the driver and passenger of the motorcycle to be ejected, both landed in lane #1 on their right side with their heads facing west, feet facing east.

Multiple written statements were collected on scene from third party witnesses who observed the accident take place. AMY KENNEY () stated, "I was two cars behind Prius that hit biker. Biker pulled out in front of 2 lanes of traffic that stopped for him. My lane did not see him until he pulled in front of. She slammed on brakes and hit him. Witness SUSAN CAMPOS () stated, "The motorcycles came out and then saw that the two lanes weren't busy so they thought that the lady was gonna stop for them. The lady (FRAME) didn't see the bikers coming out and rushing out, the lady didn't see the bikers." Witness DAVID COX completed a written statement which detailed the following, "I was 2 or so cars behind the accident. I sit high in a Highlander and had a good view. The motorcycle was at a 90* angle crossing the street (3 lanes). When I approached, the motorcycle was moving from the 1st land(on the Platte River Grill/west) side into the middle lane. Cars were a little confused and trying to stop for the cyclist (and rider) but it was not an actual crossing. The cyclist paused in the middle lane and then darted into the

3rd (fast lane) lane on the west side of the street. (The cyclist was obviously trying to head north on Santa Fe.) When the cyclist darted into the 3rd lane, the Prius hit the cyclist. There was no way until the last split second, for the car driver to see the cyclist. I approximate the Prius was going about 30 mph at point of impact." DEBRA WAGNER () stated she had been exiting the Platte River Bar and Grill, she wrote, "I noticed a bike with 2 occupants sitting in the right turn lane as if leaving the Platte River. I looked down to where my car was parked then heard a collision. I saw the impact of the motorcycle to the white car. The 2 bodies were in the air and tumbled to the ground. The bike went skidding on the pavement." The final witness, NATHANIEL KARFORD () stated, "I was driving in the middle lane southbound on Santa Fe Drive. One bike left the bar with lots of room between me and them. Then all of a sudden another bike came out too. So I came to a full and complete stop right next to them. Then they started to cross the road into the left lane. As I looked in my left mirror to see if they were clear, I saw a white Toyota Prius, didn't seem to be slowing down. When I looked back at the bike they were in the middle of the left lane and then the white Toyota Prius hit them. I saw the girl flop onto the hood of the Prius and I saw the bike roll longways away from the car as the two bikers rolled off the hood of the car." All independent witness accounts make it clear that the driver of the motorcycle turned left in front of approaching traffic, causing the accident to occur.

CPL FARMER photographed the scene and booked the photographs into LPD evidence on 06.26.2017.

The female driver of the white PRIUS, JANICE FRAME () was cooperative with investigating officers while on scene. I was advised there was no indicia of alcohol or impairment noted in FRAME's behavior or person. FRAME did not suffer any injury from the accident.

Both the male and female parties were transported to Littleton Adventist Hospital for treatment. The male driver, later positively identified by his Colorado DMV dossier as GERARD CHACON (). The female was later positively identified by her Colorado DMV dossier as SOPHIA SALINAS (). Platte River Bar and Grill staff stated CHACON and SALINAS had been at their establishment for a birthday party, and the server only recalled having served CHACON two Coors Light Beers while he was at the restaurant. Platte River Bar and Grill was unable to immediately provide a tab due to CHACON paying in cash; management stated they would ascertain the tab by 06.26.2017 and provide the information to LPD.

I arrived at Littleton Adventist Hospital at 7700 S Broadway, City of Littleton, County of Arapahoe, State of Colorado to speak to CHACON and SALINAS. Upon my arrival I was advised by nursing staff they had detected the odor of an unknown alcoholic beverage emitting from CHACON's breath. I spoke to CHACON in emergency room 5. CHACON was conscious and understanding basic questions asked of him by medical staff and myself. I identified myself as a Police Officer with Littleton Police Department and explained to CHACON that due to the circumstances, and knowing he had consumed alcohol that I was now conducting an investigation for driving under the influence of alcohol. CHACON stated he understood, and stated he had been in Colorado Springs until approximately 1400 or 1500 hours and had consumed several, approximately 4-5 drinks prior to leaving Colorado Springs. CHACON stated he had consumed two alcoholic beverages while at the Platte River Bar and Grill prior to leaving. CHACON told medical staff he had consumed dinner at approximately 2000 hours while at the Platte River Bar and Grill.

Due to CHACON's medical status and one of his eyes being swollen shut I did not attempt to complete any voluntary roadside maneuvers at this time. I did detect the odor of an unknown alcoholic beverage emitting from CHACON's breath and spoke to him regarding his alcohol consumption on the night of 06.25.2017.

I spoke to SALINAS' doctor, AHAED STOWERS. STOWERS advised me that SALINAS had sustained serious bodily injury from the accident in the form of a complex fracture of her left ankle/foot which will require ortho intervention/stabilization and a concussion. STOWERS completed and signed a LPD serious bodily injury form which has been attached to this report.

I contacted SGT DIMITRIC and advised him of the SBI to SALINAS; SGT DIMITRIC informed on-call command and detectives. I spoke to CHACON and informed him of the change of investigation and stated due to the injuries SALINAS had sustained while a passenger of his motorcycle after he had consumed alcohol that it was necessary to perform a series of three (3) blood draws to determine his blood alcohol level. I asked CHACON if he understood, he stated, "Yes." I then asked CHACON if he consented to the three (3) blood draws, two of which would be completed while he was undergoing surgery, CHACON stated, "That's fine." CHACON signed all three (3) blood kit permission forms prior to being brought up to surgery. The first blood draw was conducted by RN D. ANGEL at 2225 hours on 06.25.2017. The second blood draw was conducted by RN J. MCCOY at 2325 hours. The third and final blood draw was completed at 0025 hours on 06.26.2017. All blood kits were booked into LPD evidence on 06.26.2017.

I was advised that CHACON was to be admitted to Littleton Adventist Hospital due to his injuries and the mandatory second surgery to follow. I provided hospital staff with a SBI form for CHACON and a medical information release form for both CHACON and SALINAS. I was unable to obtain signatures from either at this time due to altered mental status of both; CHACON was in surgery and SALINAS had suffered a concussion which caused her memory to be altered (she did not recall the events leading up to the accident). I will follow up with the hospital on 06.26.2017 for these forms.

I have completed probable cause paperwork for CHACON's arrest for Vehicular Assault and placed it in the to be served box in LPD records.

CHACON's criminal history and driver history does not indicate any previous DUI's on his record. LPD detectives were informed of the case.

I have nothing further at this time.

While talking to Frame, I did not observe any signs of intoxication nor any impairment. Frame was visibly shaken by the accident.

Cpl Quinton arrived on scene and conducted the accident investigation. I assisted Cpl Quintana and completed the Vehicle Inventory Report and both the motorcycle and the vehicle were impound and taken to Connolly's Towing, where Cpl Quintana would resume his examination of the Harley Davidson motorcycle and the Toyota sedan at a later date and time.

It should be noted that witnesses advised other officers on scene that the motorcycle was exiting the driveway at 5995 S. Santa Fe Dr east bound across all three south bound lanes of traffic in an attempt to make a left turn to go north bound on S Santa Fe Dr.

No further actions were taken at this time.
