Program Information

Program Description *

Love INC organizes 42 active partner churches and other non-partner churches to aid our community by meeting needs through transactional service in a hands up rather than hands out mode. Our Helpline (Connection Center), receives thousands of calls each year, from which we identify gaps in service, calling on over 340 volunteers into action. Many families and individuals need quality, free, delivered furniture. And other community members have quality furniture they no longer need. Since Jan 2021, Love INC's furniture program, through volunteer movers, has picked up furniture from generous donors, warehouses it (with needed repair and cleaning) and delivers it to families in need. Love INC accepts referrals from nineteen local churches, schools, faith based and government agencies to provide much needed furniture, thereby serving those in need in our community.

Funding

Are you applying for the Local Partnership or Stadium District Funding?*

If you are applying for both grants, please submit a separate grant application for each grant

- ☒ Local Partnership Funding
- ☐ Stadium District Funding

Type of Funding*

- ☒ Grant (cash only)
- ☐ In kind sponsorship (city staff support)
- ☐ Grant and in-kind sponsorship

Amount Requested*

\$ 8,000.00

Funding amount requested

Annual Budget*

\$ 1,133,696.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

The 2025 cost to provide this furniture service to our community is \$48,000 and increases annually due to increasing expenses for warehouse rent, insurance and supervision for volunteers, supplies, and administrative support. Expense for vehicles or gas is donated by the volunteer moving teams. Love INC is exploring the purchase of a truck this year, and in the beginning stages of searching for a new warehouse to increase capacity. This support from the City of Littleton ensures the continuation of this valuable service to our community: for the meaningful volunteer activity of the moving teams, for those generous community members who donate their furniture, and for those receiving furniture.

Other Funding Sources*

No additional funding sources were received in 2024. The furniture is donated; and volunteer moving teams from local churches donate their time, their trucks to pull the Love INC trailer, and the gas used during pick-ups and deliveries. Churches, individual donors and Renewed Treasures (RT) Resale Store support Love INC and the budget which includes these expenses. General donations 10% from churches, 46% from individual, 26% from RT.

Funding Received in Prior Year?*

- ☒ Yes, received a cash grant
- ☐ Yes, received a cash grant & in-kind sponsorship
- ☐ Never applied for Local Partnership Funding
- ☐ Yes, received in-kind sponsorship
- ☐ Applied, didn't receive grant or in-kind sponsorship

Specify how prior year's funds and/or in-kind services were used.*

Funds were used to support the furniture ministry by covering expenses for rent of warehouse, insurance and general administrative support, such as supervision of volunteers, training, and supplies. Through the generous support of the City of Littleton, numerous families were able to finally live independently in new homes with furniture, many for the first time. One recipient was quoted as saying. "We've been sleeping on the floor and using totes to keep our clothes in and also as makeshift tables. This furniture you delivered is so nice. My family can finally feel at home!" Love INC is committed to continuing this much needed and satisfying ministry.

Program Information

Program Description *

Since 2017, Change the Trend Network has brought community stakeholders together around the mission of lessening the impact of homelessness in the Littleton, Englewood & Sheridan communities. This initial group eventually commissioned a working group to begin regular meetings focused on building cross-sector collaboration & increasing regional capacity to respond to the issue. Today, CTT meets weekly & consist of 40-50 attendees, representative of the service provider community in Littleton, Englewood, Sheridan, & beyond. Over the last several years, Change the Trend has played an integral role in supporting the work of the Tri-Cities Homelessness Policy Group, development of the Tri-Cities Homelessness Action Plan, & coordination of many projects within the plan including a coordinated outreach team, greater data-tracking capacity, Built-for-Zero, BridgeHouse Ready to Work, Tri-Cities Navigation Center & more. In total, this plan projects to place over 100 people into housing yearly.

Annual Budget*

\$ 47,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Change the Trend requests \$10,500 to hire a Director to build the organization and continue operations of our network of service providers to work in conjunction with the Tri-Cities Homelessness Policy Group to build and maintain a collaborative, cross-sector approach to addressing homelessness in the Englewood, Littleton, and Sheridan communities. The last two years, CTT provided facilitation, and it was managed by a designated service provider. The last two service providers who provided leadership had to close down their organization. In light of the shifting uncertainty of non-profit organizations in the current financial and political climate, it is imperative now more than ever to increase the support of Change the Trend leadership with a permanent part time position. This will allow more hours of support, collaboration, troubleshooting and contingency planning in a dedicated position to support the region.

Program Information

Program Description *

The Arapahoe Food Security Coalition includes 100+ members from 60+ organizations, initially focused on Littleton, Englewood, and Sheridan, with plans to expand countywide. It was created to strengthen coordination, encourage resource-sharing, and build a more connected, efficient food system. Its mission is to unite partners to end food insecurity by supporting emergency food providers through resources and collaboration.

Improving storage and distribution is key to increasing access and reducing waste. A food hub—a centralized facility that aggregates, stores, distributes, and sometimes markets food—can support local systems and improve access to healthy, affordable food.

The coalition seeks to hire a consultant to begin planning a regional food hub to serve emergency food providers supporting Littleton residents.

A consultant with expertise in community engagement and food systems will be hired to research food hub models, coordinate Denver Metro site visits, and host virtual meetings with hubs nationwide. They will assess local needs for aggregation, cold/dry storage, and last mile distribution for hunger relief efforts, including pantries, backpack programs, and community meals.

The consultant will develop a plan and timeline for designing a warehouse that supports equitable food access for organizations serving Littleton residents. This includes identifying locations, infrastructure needs, and operational models.

A coalition subcommittee will ensure community voices guide the process. The consultant will also explore partnerships in logistics, storage, and transportation to boost regional capacity, especially for perishables. Insights from this work will shape a Littleton based food hub to serve as a regional anchor for long term food security.

Program Information

Program Description *

Family Tree supports individuals and families in Littleton and across the Denver metro area as they navigate and overcome the interconnected issues of child abuse, domestic violence, and homelessness. Our multigenerational services and 2-Gen model promotes housing stability, well-being, economic security, and stronger community connections. We strengthen families through parent education and in-home support; support survivors with shelter, legal advocacy, and safety planning; and assist people experiencing homelessness with emergency shelter, case management, and housing navigation. Our services are trauma-informed and client-centered, ensuring people receive the right support at the right time. By addressing the complex, overlapping challenges our clients face, we help them build lasting safety and long-term self-sufficiency.

*Please note, our client totals below are approximate. Family Tree expects to have exact FY 24-25 data available, upon request, on August 1st.

Family Tree works with people with histories of poverty, trauma, and/or crises who do not fit a specific profile. However, internal data determined by our intake process indicates we serve primarily female-headed single-caregiver households (74%); adults between 26–45 years old (59%); and folks who have annual incomes under \$20,000 at intake (61%). We also serve the children of our adult clients, and more than 2,500 children received services last year. When people are navigating the physical, mental, and emotional weight that crises can carry, it can be difficult to focus on securing resources or planning for the future rather than simply trying to make it through each day. The City of Littleton's grant investment is essential to Family Tree's ability to serve low-income Littleton households and support vulnerable residents with the services they need to achieve and maintain stability and success.

Other Funding Sources *

Family Tree partners with and receives funding from several local government agencies throughout metro Denver to help us continue our important work. Below are the local government grants most relevant to this application:

City of Golden - \$18,000

City of Arvada: \$18,000

City of Thornton - \$12,600

City of Wheat Ridge: \$8,100

Lakewood Legacy Foundation: \$5,000

Brighton Legacy Foundation: \$5,000

Westminster Community Foundation: \$5,000

Specify how prior year's funds and/or in-kind services were used. *

Family Tree is grateful to have received \$2,700 for our 2025 fiscal year. Funding was used for direct program expenses, integrated services, and resources to support more than 170 individuals and families in Littleton who were experiencing crisis and trauma related to child abuse, domestic violence, and homelessness.

Through the SafeCare® and Community Family Resource Team (CFRT) programs, Family Tree provided Littleton residents with education, financial and supportive resources, home visitation, and case management to help stabilize families and successfully divert youth from further child welfare system involvement. Family Tree's Roots of Courage, Legal Advocacy, and Domestic Violence Outreach programs provided domestic violence survivors in Littleton with crisis intervention, advocacy, outreach, and emergency shelter. Littleton residents experiencing or at-risk of experiencing homelessness received comprehensive case management, employment guidance, rental and utility assistance, and helpline services through Family Tree's Homelessness Program. Family Tree's House of Hope and GOALS residential programs provided shelter and supportive services including housing placement for Littleton families experiencing homelessness. These programs also achieved the following outcomes during our last fiscal year:

73% of enrolled clients completed at least one SafeCare® topic, proving a significant increase in parenting skills (Goal=70%).

89% of Domestic Violence Outreach Program (DVOP) survey respondents reported they increased their knowledge of community resources (Goal=90%).*

96% of households in the Homelessness Program exited to safe and stable housing (Goal=80%). *Survey results represent responses from all (aggregated) clients surveyed in each program. We cannot report results specific to Littleton residents due to the confidentiality of our surveys.

Program Description *

Serving a Free healthy meal on the last Tuesday night of each month except November since 2016. Meal is fresh cooked each month with a different menu including a protein, vegetable, salad, fresh fruit and hand held desserts. All are welcome and no RSVP's are required. We use real tablecloths, centerpieces, glass dishes and have a Table Host at each table to welcome each guest, serve their drinks or help them to go through the Serving line. Our goal is to make each guest feel welcome and enjoy a delicious healthy meal

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

All funds will be used to purchase the food needed to prepare each month's dinner. Our church provides the space rent free, pays the utilities and all cooks, servers greeters and Table Hosts are volunteers including me, the Coordinator. Our budget has increased as the cost of food continues to increase almost monthly. We do price point shopping and have non profit status at Shamrock and shop each month usually at least 3-4 different places to get the best cost per serving.

Other Funding Sources *

We accept private donations from both church members and outside donors and our church maintains a restricted account in our church mission budget. Randy's Auto Repair donated \$800.00 to the Community Dinner in honor of their 30th anniversary.

Food Bank of the Rockies respectfully requests \$10,000 from the City of Littleton to support the purchase of fresh produce for distribution within Littleton. Fresh produce is distributed through two channels:

1. Hunger Relief Partner Network: We work with twelve partners in Littleton, including Arapahoe Community College, Open Arms Food Bank, and Waterstone Community Church.

2. Direct Service Programs: Fresh produce is an important component of several of Food Bank of the Rockies' direct service programs, including:

- ☐ Mobile Pantries, which help close the meal gap in communities where the need is greater than the capacity of existing resources We operate one mobile pantry in Littleton at St James Presbyterian Church
☐ Culturally Responsive Food Initiative, which procures and distributes culturally responsive food items to meet the needs of neighbors of diverse backgrounds Fresh produce is an important part of many cultures' food preferences

Other Funding Sources *

Currently, we have no pending or secured funding for fresh produce purchasing exclusively for distribution in the City of Littleton

FRESH is funded by unrestricted and restricted donations from philanthropic donors Food Bank of the Rockies uses a full spectrum of fundraising methods that generate revenue from intentionally diverse sources We have a robust, year round fundraising program and a portfolio of individuals, corporations, foundations, and government agencies that regularly support the organization's operations The purchasing of fresh produce is integral to fulfilling our mission and will be sustained beyond the funding period through the generous support of our donors

Program Information

Program Description *

Serving those in the Tri-Cities area of Englewood, Littleton, and Sheridan, HAAT Force provides life-saving motel vouchers, food, and other necessary resources during severe weather events to the most vulnerable of those experiencing homelessness during the winter months, from October through April. Motel vouchers meet a basic need for those whom traditional shelter services may be inaccessible or dangerous, such as families, people with physical disabilities or medical issues, and people with animals.

Organization's annual budget

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

These funds will be used for life saving motel vouchers during severe weather. Due to the closure of Severe Weather Shelter Network we experienced almost double the amount of people needing shelter during severe weather events. And most recently with the SAFER program closing, we anticipate even higher numbers of people seeking severe weather shelter this upcoming season.

In addition, our organization has added a Program Director, Julie Hall, from Littleton that has extensive case management and resource navigation experience from the Tri Cities area with the intent of aggressively connecting clients with the resources needed to begin a pathway of exiting homelessness.

Other Funding Sources *

Colorado Access Foundation (applied), Colorado Division of Housing Emergency Solutions Grant (applied), Arapahoe County Community Development Block Grant (applied).

Littleton Rotary,

HAAT Force also utilizes the following additional funding sources as well-

1. Individual donors who are both repeat and one-time donors provide financial support for the organization.
2. The organization conducts an annual fall fundraising event to keep donors engaged and aware of the work the organization is doing.
3. Newsletters are regularly sent out to donors and supporters of HAAT Force informing them of the work being done within the organization as well as any current or future needs (financial, volunteers, or other forms of support).
4. The organization participates in Colorado Gives Day.
5. Other organizations provide in-kind support to HAAT Force, such as Break Bread, Movement 5280, and the Englewood Public Library. As well as local churches.
6. HAAT Force regularly applies and qualifies for additional funding through grants and foundations.

Program Information

Program Description *

Last fiscal year (7/1/2024-6/30/2025), Nourish Meals on Wheels delivered 251,166 meals to older and homebound adults across South Metro Denver. That number is impressive, but each meal also delivered dignity, safety, and connection. Our 600+ volunteers arrive with more than food. They remember birthdays, greet beloved pets, and ease isolation with a knock at the door and a familiar, caring face.

☐ In-kind sponsorship (city staff support)
☐ Grant and in-kind sponsorship

Amount Requested*

\$ 15,000.00

Funding amount requested

Annual Budget*

\$ 1,685,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

This funding helps us respond to a growing and urgent need in Littleton. In just one year, the number of Littleton residents we serve has increased by 18%, and we now expect to deliver more than 70,000 meals in the city alone. A grant of \$15,000 will support the preparation and delivery of approximately 5,000 of those meals, directly impacting neighbors who are aging alone, have serious mobility issues, or have financial challenges. At the same time, requests for our supplemental services, grocery boxes, pet food, and shelf stable meals, continue to rise, now more than 40% higher than the previous year.

We are working hard to meet this growing demand without interruption, but rising food and transportation costs make it increasingly difficult. Your support allows us to continue showing up, every day, without fail, for hundreds of Littleton residents who rely on that knock at the door.

Other Funding Sources*

Nourish Meals on Wheels receives funding from a diverse mix of sources. Approximately 21% of our revenue comes from individual, corporate, and community group donations. Another 20% is raised through annual fundraisers, including our Fall Appeal and Theater Night. Foundation grants account for 28% of revenue, government grants 8%, and meal donations from clients 21%. We also receive in-kind food contributions valued at 2% of our annual revenue.

Funding Received in Prior Year?*

- ☒ Yes, received a cash grant
☐ Yes, received a cash grant & in-kind sponsorship
☐ Never applied for Local Partnership Funding
☐ Yes, received in-kind sponsorship
☐ Applied, didn't receive grant or in-kind sponsorship

Specify how prior year's funds and/or in-kind services were used.*

The \$7,800 Local Partnership grant awarded in 2023 helped Nourish Meals on Wheels sustain and adapt our services as need continued to rise. That funding ensured our team could keep delivering more meals, offer supplemental support like grocery boxes and pet food, and absorb rising food and fuel costs without disruption. But beyond the numbers, the City's investment helped us remain a consistent, trusted presence in the lives of neighbors like Kim, a Littleton resident we've served for 15 years.

When Kim lost her ability to drive due to MS in her early 50s, her world changed overnight. The isolation was overwhelming, and the fear was real. But thanks in part to the support of this grant, she's never had to face that fear alone. Today, she calls our volunteers her friends, says she "feels we know her better than her biological family," and describes Nourish as her family. Your funding helped make that possible. It's not just about meals, it's about showing up, year after year, for people who rely on that connection to survive and thrive.

Program Information

Program Description *

Funds will be used to help Advocates for Children hire navigators for vulnerable youth in Arapahoe County being forced out of the foster care system when they turn age 18. The navigators will encourage them to finish high school, obtain housing vouchers, learn money-management skills, avoid trafficking and drug/alcohol abuse, and find jobs to support themselves.

☒ Grant and in-kind sponsorship

If in-kind Sponsorship Requested, please state specific tasks or services requesting city staff support

Requesting City publication of SMCF's events and foster youth issues in the Littleton Report, on Channel 8, and on the City's social media sites.

(i.e. street closures, police services, etc.)

Amount Requested*

\$ 10,000.00

Funding amount requested

Annual Budget*

\$ 27,800.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Funding will help Advocates for Children hire navigators to work with foster youth, who have dismal outcomes when forced out of the system at age 18. The majority do not graduate high school, do not know how to manage money, become trafficked, develop alcohol/drug abuse problems, get into the criminal justice system, become homeless and become a large cost to taxpayers. Navigators will help prevent these dismal outcomes.

Other Funding Sources*

Littleton Rotary Club, the Gilson Family Foundation, the Buck Foundation, the Daniels Fund, El Pomar Foundation and community donors.

The Extended Stay Shelter provides housing for up to 90 days for victims/survivors of domestic violence, their children and their pets. While at shelter, clients receive basic needs support (including food, hygiene products and a safe place to sleep) coupled with ongoing advocacy and case management, information and referrals, safety planning, emotional support and connections to resources to help increase self-sufficiency and transition out of shelter. The longer length of stay allows victims more time to stabilize and get back on their feet.

Program Information

Program Description *

The Downtown Littleton Block Party is a distinct, unique, and popular event that brings thousands of people to Downtown Littleton. In 2025, the Littleton DDA and Littleton Merchant Association produced the first block party in over 5 years. The response was overwhelming with 14,000+ attendees, 65 community volunteers, 64 vendors, 28 sponsors, and two grants secured for the program. The event is a beloved community event that draws in many diverse audiences. While 46% of attendees reported 80120 as their primary zip code of residence, attendees came from as far away as Castle Pines, Denver, and other neighboring communities. The event featured 4 stages, 5 bands, buskers, aerialists, buskers, stilt walkers, beer gardens, a family creative zone, an inflatable maze and one epic fireworks show.

off-duty police officers for event + incident command

public works and grounds crew support of event (barricade placement, road closure support, maintenance and trash for event)

(i.e. street closures, police services, etc.)

Amount Requested*

\$ 20,000.00

Funding amount requested

Annual Budget*

\$ 400,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

After producing the event for the first time and bringing it back to the community, we have an understanding of what is needed to properly host this event. Funds would be used for entertainment, infrastructure upgrades (tents and stages), marketing, vendor management and support, and on-site labor. Additionally, the increased funding would allow for the DDA and LMA to support local Main and Alamo businesses in creating activations that help attract event attendees to their locations and blocks.

Other Funding Sources*

LDDA will contribute at least \$35,000 to the event. LMA will contribute \$10,000 to the event. We will work to secure an increased level of sponsorship support (\$17,000 raised in 2025, aiming for \$25,000 in 2026), and vendor booth fees.

Funding Received in Prior Year?*

- ☐ Yes, received a cash grant

We worked with LPD for event security (this in kind donation is critical, we cannot produce the event without this), PW for maintenance and road closure support, and received a cash grant of roughly \$13,000 from the city that was used for materials, labor, marketing, and vendor management. The city's support of the block party is incredibly helpful and ensures that we can continue to provide for our community

Annual Budget*

\$ 450,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

In 2025 and 2026, Lift Up Littleton is partnering with Tim Jones of LongerTables.org to host Longer Tables Littleton: a 5,000 person community gathering around the table with dinner on Main Street from Melting Pot to Bega Park on Sept 24, 2025. With further engagement opportunities in 2026. These funds will be used to further the efforts of integrating community engagement in Littleton with a strategic plan provided by community leaders. The goal of these events is to create a healthier, inclusive and more connected community to strengthen resiliency and lessen social isolation. We envision a thriving and healthy city, companies and neighborhoods where all people - no matter their story, background or identity - are connected, seen and feel like they belong. In a culture of growing polarization, a soaring mental health crisis and a nation where every two out of five people report feeling isolated and alone, we know the work of breaking down barriers is vital.

Other Funding Sources*

We are in the process of fundraising with grants and sponsorships. We have received over \$150,000 in in-kind commitments and cash donations from Craig Hospital, All-Health Network, Littleton Rotary, South Metro Community Foundation, and other civic orgs, churches, businesses and individuals.

Longer Tables is a 501c3 EIN: 87-1364602. and is acting as the fiscal sponsor for Lift Up Littleton Collaborative as it is a grass roots organization that is not yet a 501c3 and does not collect dues. Lift Up Littleton is fundraising for the Longer Tables Littleton community wide event and future engagement events through Longer Tables.

Program Information

Program Description *

Western Welcome Week (WWW) is a cherished community tradition in the greater Littleton area. The 2026 celebration will mark its 98th year. Spanning 10 days, WWW features more than 30 events - organized not only by WWW but also by over 20 partner organizations. These events benefit dozens of local civic and nonprofit groups, often serving as their largest fundraiser and providing invaluable community visibility. As we look ahead, the Western Welcome Week board is already excitedly preparing for the milestone 100th anniversary celebration!

Annual Budget*

\$ 110,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

There is a need for support with the operating expenses associated with Western Welcome Week events. WWW relies heavily on sponsorships and donations to fund these costs. However, with an increasing number of funding requests across the community, many sponsors are stretching their recourses - leading to a reduction in normal annual contributions to WWW. As we look ahead to the 100th anniversary celebration, WWW has been working to set aside funds generated from ticketed events and those with participation fees. Unfortunately, these funds are now being used to help offset current operating expenses, making long-term planning more difficult.

Other Funding Sources*

Sponsorships, donations, ticketed events, and participation fees. WWW has applied yearly, and granted the Arts & Culture Grant for specific events. In 2025 WWW applied for a grant to hire a consultant to address and prepare the board for new executive leadership in 2029 and building board capacity to ensure the continuation of the tradition of WWW well beyond the 100th anniversary.

Program Information

Program Description *

The Music Outreach project travels directly to community and residential facilities across the Colorado Front Range region to provide music programming to vulnerable populations, including foster, refugee, and juvenile youth, and young adults with disabilities. Music Outreach currently serves Shiloh House residential facilities, Title I Schools, and REVEL (day program for adults with disabilities). The Music Outreach project serves to improve emotional regulation, confidence building, and positive social interactions through collaborative drumming, learning keyboard and guitar, and songwriting.

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

ACS graciously requests funding to support our music education community outreach programs. These programs serve marginalized youth through Jefferson County and surrounding communities, including youth of color, immigrant youth, youth with physical and/or learning disabilities, youth in foster care, and youth from low income families. ACS fosters community partnerships to best serve these youth. Any funding received will be used to support these community outreach programs. The greatest expenses of these programs are music educator salaries and travel.

Other Funding Sources*

Grants, Donations, Fundraising, Educational Services, Space Rental

This project has been going on for several years through fundraising, grants, and donations. It is an invaluable service to the community, and we see firsthand how profound the results are - Music Changes Lives!

Program Description *

Since 1959 Arapahoe Santa Shop has provided holiday gifts to children in Littleton, Englewood and Sheridan who might not otherwise have a toy at Christmas or Hanukah. The organization is run by volunteers who focus on safety and functionality of age appropriate toys. Parents of infants through 10 year olds select the gifts for their child(ren). Families are referred by schools, counselors, churches and other social service providers, including Love Inc, North Littleton Promise and Doctors Care staff.

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Arapahoe Santa Claus Shop helped 368 Littleton children have a brighter Christmas in 2024. Parents chose three gifts, two books, and a bag of stocking stuffer items for each child age 10 and younger, plus one game per family. Wearable socks, knitted hats, and fringed fleece blankets were also available for the children.

For many years we operated out of the Arapahoe County Extension building on Datura Street in Littleton, which is now the Life Center Littleton. Our current location for our shopping days is graciously provided by St. James Presbyterian Church in Littleton.

Your support will be used to purchase gifts to offer to families that will help create Christmas or Hanukah morning magic for hundreds of families in our community, and ensure no family in need is turned away due to a lack of toys.

Other Funding Sources *

Our primary support has always been from the local community. Individuals and clubs such as Littleton Optimists and Englewood Elks Ladies provide financial donations and Littleton Sertoma Club helps collect toys. CenturyLink has donated toys for many years. Telluray Foundation is a more recent funder.

The organization is raising funds and awareness by participating in community events such as the Littleton Block Party, and we plan to be at the WWW Drone show and Longer Table event this fall. We have partnered with other nonprofits who offer discounted toys to help maximize our purchasing power. Our new board leadership is actively recruiting support and partnerships with local service clubs and other community organizations including Littleton Public Schools, and we have joined the Littleton Business Chamber.

Program Information

Program Description *

International relations between residents of Bega, New South Wales, Australia and residents of Littleton, Colorado, U.S. have been maintained for 64 years by our People-to-People Sister City Exchange of delegates, including a high school student, every 2½ years. In years ending in 1 and 6, Littleton delegates travel to Bega, Australia, and in years ending in 3 and 8, Bega delegates travel to Littleton. In 1996, this cultural exchange of adult delegates expanded to include young people. For 28 years, a student from any Littleton high school has been eligible to apply to be named Student Ambassador. The Student Ambassador receives a 10-day all-expenses paid trip as a Littleton delegate during the trip to Bega. The student is selected following his/her presentation on "Littleton, My Hometown" to a panel of Littleton judges. During each Australian trip, the Student Ambassador delivers the presentation to the Bega Shire Council. Our Littleton delegates will travel in March 2026.

Annual Budget*

\$ 16,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Our primary focus is support for taking a Littleton high school student with us on the delegation trip in March 2026. We pay all the student's travel expenses including insurance. That student traditionally makes a presentation to the Littleton City Council as well as the Bega Shire Council. In addition, we are planning an Australian film festival, which will be publicized to promote the sister city relationship and build interest in the community to become members and apply for future student ambassadorships.

Other Funding Sources*

Only sources are from members: a) membership dues, b) fundraising activities for members, c) contributions from members. Our organization no longer receives grant funding from Littleton Arts and Culture.

Program Description *

Heritage in Motion is a traveling cultural arts program that celebrates the diverse identities, traditions, and contributions of our local communities through immersive art exhibits, performances, and shared meals. Rooted in community-led storytelling, this initiative brings to life the lived experiences of immigrants, refugees, and multicultural residents through culturally grounded artistic expression.

The requested funds will support Heritage in Motion, a traveling cultural arts program that uplifts immigrant, refugee, and multicultural communities through art exhibits, performances, and shared food experiences. This program centers community-led storytelling and culturally rooted expression to honor identity, memory, and lived experience. Each event is developed in partnership with local artists, organizations, and residents, ensuring authentic representation and meaningful community engagement.

Program Information

Program Description *

Cycling Without Age Littleton (CWAL) is an all-volunteer nonprofit breaking the barrier of isolation for older adults and individuals with mobility or developmental challenges and special needs. We provide free outdoor trishaw rides that connect riders with Littleton's vibrant trails, parks, and cultural spaces. Our electric-assist trishaws feature a forward-facing bench for one or two passengers, piloted by trained volunteers. Since 2019, we've created over 9,000 joyful, shared experiences along scenic routes like the South Platte River Trail and Hudson Gardens. Each ride fosters connection, dignity, and well-being for both passengers and volunteers. With over 140 dedicated volunteers, CWAL delivers high-impact, cost-effective service, generating a 5:1 social return on investment. We believe the most vulnerable should never be the least visible and that every ride builds a more compassionate, connected Littleton.

Annual Budget*

\$ 55,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

CWAL will use the funds to purchase a new trishaw to expand access for Littleton seniors, youth with developmental and physical needs, young adults transitioning to independence, and those affected by trauma or neglect. We will outreach to more local schools such as LPS' Willow Academy, and community groups to improve quality of life through outdoor recreation and events that foster connection and belonging. This support is timely, as we need to replace some of our older trishaws next year and we just learned that trishaw prices and shipping have increased by over 30%. A new trishaw will help us meet growing local demand and prevent service gaps. Our rides promote outdoor equity by removing physical, economic, and social barriers to nature. They offer inclusive, sensory friendly experiences for those who otherwise face limited access to Littleton's natural and cultural spaces. Everyone deserves to feel the wind in their hair and we need your help to make that possible.

Program Information

Program Description *

Last year, we were able to expand our youth volunteer program immensely from the funds we received from the 2024 grant. We are hoping to keep this momentum going. We are now able to go offsite to local schools, as well invite these schools & summer camp groups to the shelter. Teaching local youth about pet care & commitment is a big part of our mission. Educating youth sets a stage for these young animal lovers for the rest of their lives and can cause a positive impact on the future community.

Program Information

Program Description *

The purpose of the Littleton Crabapple Route nonprofit is to continue privately what was originally a city government program. It was begun more than 60 years ago. The primary goal was civic improvement and slum and blight prevention through beautification of the city. We will continue that effort by encouraging the planting and maintenance of additional flowering crabapple trees. While our focus will be on streets marked as part of the route, planting throughout the city by private individuals and organizations will be encouraged. The Littleton Crabapple Route will be emphasized as an educational resource showing how citizen involvement in beautification efforts can benefit the community. The route is considered a high priority beautification project for the city of Littleton. Our organization acts in support of that priority.

Program Information

Program Description *

The Littleton Downtown Development Authority (LDDA) is launching a new public art program to enhance the vibrancy, identity, and walkability of downtown Littleton. Public art improves quality of life, sparks community pride, fosters social connection, and supports economic vitality by increasing foot traffic and attracting visitors. In 2025, the LDDA is laying the groundwork for long-term success by researching best practices, engaging stakeholders, and installing foundational art bases. With a focus on local and regional artists, the program will celebrate Littleton's creativity, culture, and community. Future installations will prioritize accessibility, placemaking, and interactive elements that reflect the district's character and invite public engagement. This initiative will serve as a catalyst for beautification, cultural expression, and economic development, creating a sense of place that is authentically Littleton.

☒ Grant and in-kind sponsorship

If in-kind Sponsorship Requested, please state specific tasks or services requesting city staff support

The City may provide in-kind support through Public Works staff to assist with permitting, site preparation, and art base installation.

(i.e. street closures, police services, etc.)

Amount Requested*

\$ 20,000.00

Funding amount requested

Annual Budget*

\$ 400,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

In 2026, funds will be used to activate the foundational infrastructure installed in 2025 by issuing a Call for Artists, selecting 3–5 temporary or semi-permanent public art installations, and coordinating their placement on prepared bases throughout the district. Funding will cover artist stipends or honorariums, transportation, installation support, signage, and insurance needs. Additional funds may be allocated to maintenance, interactive or kinetic art features, and promotional efforts such as digital tours, QR codes, or printed guides. The program will prioritize local and regional artists and include a public selection process.

Other Funding Sources*

The LDDA will look into additional grant funding from entities such as SCFD (Scientific and Cultural Facilities District), Colorado Creative Industries, and corporate or foundation sponsorships. We are also exploring partnerships with Arapahoe Community College and the City of Littleton. The City may provide in-kind support through Public Works staff to assist with permitting, site preparation, and art base installation. Additional support may be sought through community volunteers, local business sponsorships, and partnerships with regional arts organizations like the South Suburban Public Arts Committee.

Funding Received in Prior Year?*

Program Information

Program Description *

For nearly 20 years, North Littleton Promise (NLP) has served northeast Littleton's immigrant community, building relationships and putting action to "Love thy neighbor." Where nearly all families are low-income and primarily Spanish-speaking, NLP closes the achievement gap for immigrant children, fosters community-led engagement, and supports families across generations. This grant will bolster general operations, with a focus on afterschool and summer programming, and family engagement. NLP offers K–12 educational enrichment, mentorship, character development, and soccer teams that teach teamwork and leadership. Summer camps focus on academics and include field trips. High schoolers develop job skills and explore career paths through a leadership development program. NLP also hosts monthly parent meetings and offers a Spanish/English Language Program that promotes bilingual exchange and cross-cultural understanding, making NLP a trusted hub for immigrant families.

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

North Littleton Promise builds life-giving relationships with immigrant kids and families to foster faith, education, and leadership in a Christ-centered community. This grant will support general operations across all programs. After-school KIDS CLUB and LIFE Club offer homework help, mentorship, STEM activities, and Bible-based lessons, with alternative options for non-faith participants. ADVENTURE DAYS and SUMMER ACADEMY are five-week summer programs promoting academic and personal growth through learning, field trips, and enrichment. The HIGH SCHOOL LEADERSHIP PROGRAM includes year-round mentorship, employment readiness, and summer camp roles. Youth soccer teams build leadership and community. Parent engagement includes workshops and cultural events. The BILINGUAL LANGUAGE PROGRAM launched in 2024 to strengthen communication between parents and schools and connect families with community partners through shared conversation sessions.

Other Funding Sources *

North Littleton Promise is committed to long-term impact through consistent programming and deep-rooted relationships. NLP leverages its relationships with individual donors, local churches, foundation grants, and city partnerships to sustain its initiatives. NLP's growing network of volunteers and alumni also help extend capacity while strengthening community ownership. Additionally, NLP fundraising events, such as La Fiesta, ensure ongoing support for youth programs, language classes, and parent engagement. Below are NLP's funding sources for 2024:

Foundations- \$212,800

Individuals- \$101,000

Campaigns- \$39,000

Events- \$60,000

Participation Fees- \$20,000

Summer Programs-\$40,000

Churches- \$37,500

Other- \$1,100

Thus far in 2025, NLP has received \$131,187.40 in donor giving, as well as the following grant awards:

Telluray Foundation- \$50,000

Stoller Foundation- \$15,000

Reiter Family Foundation- \$10,000

Last year, funds helped NLP serve 85 students through its Spring afterschool session, 50 in summer programs, and 99 students during the Fall session. Additionally, NLP began offering Conversational English classes for parents in Fall 2024, with over 40 participants and growing demand. Classes are family-friendly and held alongside youth programming to increase accessibility. NLP also introduced Spanish classes at the request of community partners. With the launch of the Bilingual Language Arts program, NLP is learning firsthand the power of language exchange in building community. The program helps Spanish-speaking parents develop conversational English while also offering Spanish lessons for English speakers. Many Spanish learners now support the English classes, creating a vibrant, cross-cultural fellowship. A 30-minute conversation time allows both groups to practice, connect, and build friendships.

Program Information

Program Description *

Our overarching goal is to ensure that all 5,000 sixth-grade students in Jeffco have access to the incredible outdoor experiential education programming at Outdoor Lab. Every year, Outdoor Lab introduces thousands of sixth-grade students to the transformative benefit of spending time in nature. Since 2013, the Foundation has made the Tuition Assistance Program a focal point of our charitable work. Making sure every student, regardless of their articulation area or socio-economic background, can attend Outdoor Lab is our priority. The Foundation specifically allocates funds based on each school's free and reduced lunch (FRL) populations and the associated tuition gaps at participating schools. During the 2024-25 schoolyear, the Foundation directed \$175,000 in grants to Jeffco schools, including Bradford, Falcon Bluffs, Summit Ridge, Ken Caryl, and Deer Creek. These gifts fully supported approx. 225 FRL-qualifying students in and around Littleton who attended Outdoor Lab for free.

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

The Foundation is particularly focused on making sure our under-resourced and marginalized students can attend Outdoor Lab free of cost. 32% of Jeffco sixth-grade students qualify for free and reduced lunch (FRL). Nearly half of all participating sixth-grade classes have an FRL rate of 50% or more. The Foundation anticipates that approximately 1,500 sixth-grade students will be eligible for FRL next year and will require tuition assistance to participate in Outdoor Lab. In Littleton, we anticipate nearly 25% of approx. 900 participating sixth-graders will qualify for FRL, requiring tuition assistance for 1 in 4 students to attend the program.

In addition, the cost of tuition to attend Outdoor Lab continues to increase. In 2025-26, tuition will increase to \$325 per student. During the 2024-25 schoolyear, unpaid FRL tuition costs for Littleton-area students totaled approx. \$67,000. Participating schools include: Bradford, Deer Creek, Falcon Bluffs, Ken Caryl, and Summit Ridge.

Other Funding Sources*

Every year, the Foundation secures funds from diverse sources of revenue to increase support for our program. First, we engage with both local and national corporate partners. We have recently received corporate support from King Soopers, Safeway, Walmart, Waste Management, Clove & Twine, Powder7, and FirstBank.

Second, the Foundation works with local foundations and local governments to fund our strategic priorities. We have received consistent support from the largest municipalities in Jefferson County – Arvada, Golden, Lakewood, Wheat Ridge, and Westminster. Private foundation support includes the Benson Family Foundation, Colorado Gives Foundation, and Jeffco Open Space Foundation.

Third, we raise philanthropic funds from donors who give in a variety of ways. This includes our annual gala that raises approximately \$100,000, our annual "Colorado Gives Day" campaign, and our individual giving program.

Program Information

Program Description *

DIRT cultivates intentional workspaces for neurodivergent individuals to access meaningful, integrated, & equitable employment. Our three evidence-based programs operate out of a community café & Workforce Center in Historic Downtown Littleton, offering a holistic approach to decreasing the 80.7% unemployment rate among neurodivergent & disabled people (U.S. Bureau of Labor Statistics). Beyond programming, DIRT hosts community events & fundraisers that reach further than raising critical funds; we build & empower communities by bringing together diverse minds & perspectives under one shared vision. Together, we celebrate the unique strengths of neurodivergent individuals while creating access & opportunity for underserved communities. We warmly invite the City of Littleton to join us in building accessible communities by sponsoring our 2026 Littleton events, showcasing a united front in creating more accessible workplaces for the neurodivergent population.

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

DIRT respectfully requests \$10,000 in 2026 event sponsorship from the City of Littleton to support 3-5 community building and fundraising events within City limits. Events include 2-4 Fans & Friends Trivia Nights and our annual DIG Deep Block Party, all designed to gather the community, support local businesses, and raise funds for our mission. All proceeds are reinvested into DIRT's programs, which create accessible, inclusive workplaces for neurodivergent individuals.

Trivia Nights are hosted at local restaurants, written and emceed by former program participants, and feature accessibility accommodations and educational opportunities. DIG Deep celebrates our community roots and highlights the role of small businesses in building inclusive economies. Our 2026 event will be held for the first time at our new property on W Alamo Ave.

DIRT's events spark conversation, build connection, and deepen impact. We're grateful for the City's continued investment and partnership.

Other Funding Sources*

So far, there are no other committed funds to sponsor and support DIRT's 2026 events. DIRT budgets a small amount for event preparation, coordination, and execution so 100% of funds raised from events is reinvested into our programming. DIRT's evidence-based programming receives local support from the following partners: City of Denver, the Daniel's Fund, the Denver Foundation, The Lowe Fund, Rose Community Foundation, Colorado Gives Foundation, Kenneth King Foundation, and the Division of Vocational Rehabilitation. In order to support the sustainability of our programming and longevity of our organization, DIRT continuously seeks to diversify our revenue streams and engage new community partners and organizations. Please note that though we responded "never applied for Local Partnership Funding" below, we applied and received funding in 2022 and in 2023, but did not apply or receive funding in 2024.

Program Information

Program Description *

Whiz Kids (WK) provides one-to-one tutoring, mentoring, and spiritual support to students living below the literacy and poverty lines. The program builds academic skills, confidence, and meaningful relationships to help students experience lasting hope and a brighter future. Core components include: the Tutoring, Mentoring, and Academic Support Program, where trained volunteers offer individualized support; Club Time (optional), offers age-appropriate, faith-based messages and activities; and Student Enrichment, including events such as the annual Whiz Kids Rodeo. WK operates six sites in the City of Littleton, providing consistent, caring support to help young people thrive in school and in life.

The best example of WK's program is through students like Karla. Karla was a WK student for three years at our Bethany site 18 years ago. She grew so much academically and found a love for teaching. She is now a teacher in Littleton Public Schools and came back to tutor at the same site!

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Whiz Kids requests program support to continue offering one-to-one tutoring and mentoring for students living below the poverty line in Littleton. WK serves students at six sites in Littleton, including 1) Littleton 1st Presbyterian, 2) Littleton United Methodist, 3) Grace Point, 4) Bethany, 5) Calvary, and 6) Horizon, which serve 125 students total among Field Elementary, Little Raven Elementary, and Centennial Elementary.

Funds will support volunteer recruitment, training, and oversight; creation of student materials; stipends for liaison teachers at partner schools; background checks; student incentives; and volunteer appreciation efforts. Whiz Kids helps students engage in school as confident learners with a sense of hope and purpose. The program focuses on literacy, math, and homework help while fostering mentoring relationships that build resilience and social-emotional skills

Other Funding Sources*

As a well-established organization with decades of experience, Whiz Kids has developed a robust and diverse revenue infrastructure to sustain its programming long-term. The organization collaborates with longstanding funders and experienced development consultants to secure funding for all initiatives. In FY 2024, Whiz Kids' revenue sources included Individual Contributions (35%), the IRS Employee Retention Credit (24%), Foundations (14%), Events (8%), Government Grants (7%), Business/Corporations (7%), Churches (3%), and Interest (2%). This diversified funding strategy ensures the stability and continuity of Whiz Kids' programs even beyond the exhaustion of specific grant awards.

Specify how prior year's funds and/or in-kind services were used.*

Grant funds were used to support programming at WK's six tutoring sites in Littleton, serving under-resourced students particularly vulnerable to academic failure. Through tailored academic support, mentorship, and resources, the program aimed to improve educational outcomes for these students. In the 2024-2025 academic year, Whiz Kids served a total of 504 elementary and middle school students across 37 tutoring sites in six counties, with 100 of these students being from within the City of Littleton. This success was made possible by the dedication of 710 volunteers, including 260 new tutors, who collectively provided 28,200 hours of tutoring and site management. Of these, 110 tutors served in the Littleton sites.

Program Description *

A flex fund supporting youth and families served by AllHealth Network in Littleton, designed to increase access to pro-social activities that promote family unification and youth mental well-being. Funds may be used for sports fees, recreational passes, family outings, or other individualized activities aligned with mental health goals. The program is embedded in Child and Family services and prioritizes high-needs clients and equity. By reducing barriers to enriching experience, this fund strengthens relationships, builds resilience, and helps prevent worsening mental health symptoms through tailored, therapeutic engagement.

Amount Requested *

\$ 16,000.00

Funding amount requested

Annual Budget *

\$ 98,000,000.00

Organization's annual budget

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

This grant will support a Flex Fund initiative within AllHealth Network's Child and Family programming. Families served often face economic hardship, trauma, and isolation, limiting access to community-based, family-strengthening activities. The Flex Fund will provide individualized support for recreational and relational opportunities that promote youth resilience and family cohesion. Examples include registration and equipment for sports, art, or music programs; family passes to museums or local attractions; sibling-focused group outings like skating or bowling; nature-based experiences such as park visits; and transportation assistance like gas cards or bus passes to reduce access barriers.

Program Information

Program Description *

A community-based outreach and coordination program for Littleton youth who have disengaged from needed mental health services. A peer meets youth and families in the community using movement, games, and conversation to build trust and support re-engagement. A Complex Care Coordinator ensures connection to the right level of care and aligns providers around shared goals, with limited flex funds to remove urgent barriers.

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Grant funds will support a youth outreach and re-engagement program serving disconnected and high-risk youth in Littleton through activity-based, community-centered services. According to internal data reporting, the youth mental health team has 20% disengagement at any given time. Many of these clients were discharged from a mental health hospitalization or had active suicidal ideation in the last 6 months. This program will specifically target those youth and families who are currently underserved by existing pathways.

Program Information

Program Description *

Supported by Stadium District Funds, the Arvada Center's School & Community Program will provide free arts education in Littleton during 2026, offering interactive workshops for PreK–12 youth. Our culturally responsive sessions, aligned with Colorado Academic Standards for social-emotional learning, connect trained Teaching Artists with Educators to boost arts learning and student growth. We will prioritize partnerships with Title I schools and PreK/SACC (School-Aged Child Care) programs within Littleton city limits. Programming will take place during out-of-school time (OST) over the summer months and after school during the fall semester. Partnering Educators select workshops tailored to learning goals. Arvada Center Teaching Artists will deliver onsite sessions with all materials. We will hold 12 workshops at Bemis Library (monthly, PreK-12) and 28 workshops each at Centennial Academy, Little Raven Elementary School, and Runyon Elementary School (weekly in summer, monthly in fall).

Program Information

Program Description *

The Beyond the 90 Soccer Camp is designed to provide a fun, high-quality soccer environment for local youth while also focusing on building relational connections between families in our Littleton community. Our camp is designed for players in 1st-8th grades and is suitable for players of all levels and abilities, at a fraction of the cost of traditional camps. We also provide a free meal for every camper and their families each night. Our hope is to connect families in Littleton to one another as well as to various faith resources in our community.

\$ 320,711.00

Organization's annual budget

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

The funds will help cover the costs of running the soccer camp, making it accessible to all local families, regardless of their financial situation. As we seek to bless our neighbors and build relationships, it is our desire that no one will be excluded based on financial constraints.

The camp is staffed entirely by volunteers, so there is no staffing cost, but each camper receives a t-shirt and backpack as well as a free dinner for their entire family each night. (Food is the greatest single expense in the camp budget.) There is also a need to purchase a small amount of equipment each year to replace worn out soccer balls, pennies, cones, etc.

The average cost per participant is approximately \$100. We only charge \$25-40 per camper (depending on financial need) so the remainder of the cost must be subsidized through grants and donations.

Other Funding Sources *

Calvary Littleton utilizes funding from our annual church budget.

Campers pay \$25-\$40/camper to participate (maximum \$80/family, if they register multiple kids).

Individual donations from private donors.

Funding Received in Prior Year? *

- ☒ Yes, received a cash grant

Program Information

Program Description *

Cycling Without Age Littleton (CWAL) is an all-volunteer nonprofit breaking the barrier of isolation for older adults, youth and individuals with mobility or developmental challenges and special needs. We provide free outdoor trishaw rides that connect riders with Littleton's vibrant trails, parks, and cultural spaces. Our electric-assist trishaws feature a forward-facing bench for one or two passengers, piloted by trained volunteers. Since 2019, we've created over 9,000 joyful, shared experiences along scenic routes like the South Platte River Trail and Hudson Gardens. Each ride fosters connection, dignity, and well-being for both passengers and volunteers. With over 140 dedicated volunteers, CWAL delivers high-impact, cost-effective service, generating a 5:1 social return on investment. We believe the most vulnerable should never be the least visible and that every ride builds a more compassionate, connected Littleton.

Annual Budget*

\$ 55,000.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

CWAL will use the funds to purchase a new trishaw to expand access for Littleton youth with developmental and physical needs, young adults transitioning to independence, and those affected by trauma or neglect. We will outreach to more local schools such as LPS' Willow Academy and community groups to improve quality of life through outdoor recreation and events that foster connection and belonging. This support is timely, as we need to replace some of our older trishaws next year and we just learned that trishaw prices and shipping have increased by over 30%. A new trishaw will help us meet growing local demand and prevent service gaps. Our rides promote outdoor equity by removing physical, economic, and social barriers to nature. They offer inclusive, sensory friendly experiences for youth who otherwise face limited access to Littleton's natural and cultural spaces. Everyone deserves to feel the wind in their hair and the sun on their face, and we need your help to make that possible.

Program Information

Program Description *

DYAO is excited to bring regular programming to the City of Littleton as part of our regular concert season. We have added a concert in Littleton starting in 2023, and it has become an annual tradition. This past season, our concert featuring the String Orchestra, Allegro Strings, and Conservatory Orchestra, presenting "Folklore Fusion" with music by Bach, Rossini, and Rimsky-Korsakov took place on November 17, 2024, at Littleton United Methodist Church to a nearly sold-out crowd. This coming season, we will return with three orchestras for a celebration concert at Littleton United Methodist Church, featuring Colorado Symphony soloists. We intend to return again in November 2026 with another unique program showcasing our talented youth, and we anticipate our following in Littleton to grow each year as we build our presence. In past years, we have also performed outreach programs at Littleton retirement homes and the DaVita Day of Music, which we will participate in again in fall 2025.

I am a small business owner in Downtown Littleton and am hoping to expand my Kid Crafternoon series I host in my shop. I want to be able to expose the kids to all kinds of art and creativity. I like featuring objects and techniques that may not be typical to have the kids explore what speaks to them. They might find a new interest that they hadn't thought of before. The look on their faces when they discover something new or create something on their own is priceless.

I would like to provide more sewing machines, dremel tools, and supplies to be able to enhance the crafternoon environment and provide more classes or workshop on a regular basis for after-school times to have a creative and imaginative outlet.

Program Information

Program Description *

The IMF supports the all the Heritage High School instrumental music programs with fundraising, parent involvement and leadership development to give students outstanding music performance opportunities. We recognize that practice and performance are vehicles to developing leadership, discipline, camaraderie, and a strong sense of individual accomplishment. Ensembles include:

The Scarlet Regiment Marching Band placed 11th place in the 2024 Colorado State Marching Band Competition, performed at the Western Welcome Week and other public concerts.

The HHS Pep Band performs at 4 football games and basketball games.

Two Jazz bands participate in festivals, 5 concerts and performances at Dazzle Jazz and KUVO.

Two Orchestras perform concerts, in the community and at festivals.

Band members also perform in the annual high school musical. This year the school put on Mama Mia to four sold-out performances.

Heritage fields Winter Guard and Winter Percussion performing groups.

Program Information

Program Description *

Inside the Orchestra (IO) is a professional orchestra solely dedicated to children's music education; it's the only organization of its kind in the world. Our Tiny Tots: immersive concerts feature 32 musicians and are designed for kids 7 and under. Children are encouraged to respond to different elements of the music through imagination based prompts and activities, taught about the instruments, shown a diverse array of performance styles from different cultural backgrounds, and introduced to musical concepts.

Families from the Littleton Community participate in our programs every year. This season we hosted 2 concerts at Liley Gulch Recreation Center and 2 at Littleton Public Schools EPIC campus (thank you to the city of Littleton for your support this year!) We would like to again host four concerts in Littleton and respectfully request your support of these performances in 2026. We anticipate reaching at least 1,500 individuals through concerts.

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

We would like to host Tiny Tots concerts in both the fall and winter of 2026 (4 shows total) in Littleton and respectfully request your support. The total budget is \$21,667; we are requesting \$3,000, which will allow us to serve at least 1,100 individuals.

Inside the Orchestra provides culturally rich, affordable arts experiences families can feel good about, knowing their children are engaging in high quality education. Research confirms music supports early childhood development—enhancing language, creativity, and social skills. Our immersive concerts bring children up close to live music, building developmental skills and joyful shared moments.

Tiny Tots is one of a kind—we're the only professional orchestra focused exclusively on young audiences. Nearly half of attendees access free/reduced price tickets through a no questions asked process. We simply could not do this without support from individuals, foundations, and government entities.

Other Funding Sources*

Every year, about 1/3 of our costs are covered through ticket revenue. The other 2/3 comes from contributed revenue including revenue from the SCFD (the Scientific and Cultural Facilities District), grants from local foundations, sponsorship for events, and gifts from individuals. In 2024, we had funding from Telluray to support programming in Littleton; we are asking for additional support of our Tiny Tots program in this request.

Program Information

Program Description *

KRD presents "Open Doors – West Side" at Little Theater Culture Center & "East Side" at Denver Ballet Theater. Sites are strategically selected in geographically different areas of Littleton to engage the broadest scope of residents. KRD's professional Company Members will teach Dance Workshops (including critically acclaimed Artistic Director/Choreographer Kim Robards herself) for youth, provide Open Rehearsals sharing the creative process, perform for the community, and engage in interactive Q&A sessions with youth and adults. Programming primarily focuses on direct interactions & services for Ages 6-18.

Professional Dancers will teach a total of 8 Dance Workshops/Classes in Modern Dance, Repertoire & Ballet for Ages 6-9, 10-12, 13-15, & 16-18. Each class depending on age of participants will range from 1 hour to 1.5 hours.

All activities will be "pay what you wish" or may be attended free of charge. No one will be excluded from any program activity regardless of ability to pay.

\$ 500,000.00

Organization's annual budget

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Funding will be utilized for professional choreographer and dancer teaching fees for the Dancer Workshops and performance fees for the Open Rehearsals and Public Presentation. Additionally, funds will be utilized for promotion of the interactive activities to Littleton residents.

KRD takes an "Artist As Athlete" approach in Dance Workshops to equally engage boys and girls alike. Classes are open to youth from all areas of Littleton. Classes will include a Lead Teacher and at least one Assistant Teacher.

Two Open Rehearsals provide an up close, interactive experience of how the professional creative process works. KRD Company Members and critically acclaimed Artistic Director/Choreographer Kim Robards will also be available for interactive Question & Answer sessions.

"Open Doors" also includes at each location a "Sneak Peek" performance by the professional company focused on providing youth participants an opportunity to see the professionals who taught them in action in performance.

- ☐ Never applied for Local Partnership Funding
- ☐ Yes, received in-kind sponsorship
- ☐ Applied, didn't receive grant or in kind sponsorship

Specify how prior year's funds and/or in-kind services were used. *

KRD provided Open Rehearsals during which time the public was engaged through observation of the professional dancers in the rehearsal process. This included interactive Q&A sessions during which time attendees asked questions of the professional choreographer and professional dancers and the artists interacted with the attendees which included both youth attendees ages 5-18 and adults ages 23 to 73. Dance technique classes were presented in Ballet and Modern and Modern Repertoire. We are still in the grant period and therefore, have additional program activities scheduled to take place which is the informal public presentation.

Program Information

Program Description *

First a brief history. In the summer of 2024, with the help of the Arts & Culture Grant, LCMA was able to initiate a larger summer music program, that was delivered out of East Community Center. The outcome during that summer program initiated a summer band project that included students from four elementary schools and two middle schools. In 2024 we had 10 rehearsals and 2 performances: one for the families of the students, and one for the Littleton Culture & Arts Partners Group (CAP) at the Depot Arts Center. See a short video from that performance here: https://www.youtube.com/watch?v=_OkEMtOguvw

To not lose momentum, in 2025, LCMA has facilitated this youth band project again. Although funding is tight, LCMA collected student tuition and used a surplus to maintain this important summer project. Concert performances are already scheduled for the Western Welcome Week and for the LCMA end-of-year summer program (guitar, violin and band) at East Community Center.

Annual Budget*

\$ 171,610.00

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

The grant funding will be used to continue and expand on the LCMA's community youth band with the current working name "Littleton Rascals Youth Band" The target age group for the youth band will include, but not be limited to, experienced band students entering grades 5 through 8 Since the project involves students from several LPS schools, it encourages interaction and friendships across the school district To facilitate this expanding summer project, LCMA will contract with 1 musical program lead, 3 adult music educators, and 4 student mentors from our Littleton high schools The project will run for 10 weeks during the summer of 2026 and be delivered and executed at East Community Center, where we currently and plan to rent space to facilitate this project and other LCMA program activities The project has planned and budgeted to have two end of summer concert performances for the community

Other Funding Sources*

Student tuition is expected to be collected and cover a partial amount of the expenses.

Program Information

Program Description *

The Pride of Littleton (PoL) marching band is a student-driven program that develops leadership, discipline, and teamwork through music. Open to all students, PoL represents the full range of backgrounds at Littleton High School and creates a welcoming, inclusive environment. Students participate in intensive rehearsals, summer camps, and more than 25 performances each fall. PoL performs at football games, school events, community parades, and a free public field show, strengthening school spirit and community pride. Leadership roles are earned through interviews and auditions, and student leaders are mentored to support their peers and guide their sections. Through music and collaboration, students build skills in responsibility, time management, and communication that serve them far beyond high school. As the largest spirit organization at Littleton High School, the PoL is more than a band; it's a vital part of the school and a celebrated presence in the broader community.

Annual Budget *

\$ 92,000.00

Organization's annual budget

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

We will use the funds to continue our investment in critical instrument upgrades to support student participation in our band program. For the coming year, we are requesting funds to address woodwind and additional percussion instrument needs. These instruments are typically provided by the school, as students are not expected nor often able to purchase them individually. New equipment boosts student morale, enhances performance quality, and ensures more meaningful experiences for all participants. Most of our woodwind instruments are over 20 years old and heavily worn from constant use. Replacing them will provide students with the tools they need to succeed in this impactful youth music program.

Other Funding Sources *

The PoL receives limited budget monies from Littleton High School. Student members pay an annual band fee. These monies do not cover the full expenses associated with running a comprehensive marching band program that serves a diverse student membership. LBW fundraises to help fill the funding gap but is not yet able to support the significant investment in new equipment.

- ☐ Never applied for Local Partnership Funding
- ☐ Yes, received in-kind sponsorship
- ☐ Applied, didn't receive grant or in kind sponsorship

Specify how prior year's funds and/or in-kind services were used. *

Previously awarded funds were used to replace essential percussion and brass equipment for our band program. This included replacing a vibraphone that was over 65 years old and no longer functional, as well as updating aged-out low brass instruments that had deteriorated due to decades of use. These upgrades had an immediate impact, improving the quality of our rehearsals and performances and allowing more students to participate fully with reliable, high-quality instruments.

Program Information

Program Description *

EPIC Campus is a regional career and technical education center located in the heart of the City of Littleton. It serves all high school students from Littleton Public Schools, as well as students from Sheridan and Englewood Public Schools. Our Work-Based Learning (WBL) program is a cornerstone of EPIC's mission to skill and prepare the next generation for success in college, career, and life. Through internships, job shadows, mentorships, and industry-led projects, students gain hands-on, real-world experiences that help them explore career paths, build professional networks, and develop essential technical and employability skills. By partnering with local businesses, nonprofits, and government agencies, we bridge the gap between classroom learning and workforce needs. EPIC empowers students to graduate with purpose, confidence, and direction while contributing to a stronger, more prepared local talent pipeline. Grant funding helps ensure equitable access and expanded opportunities.

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

We are seeking funding from the City of Littleton to support the Service Scholars Program, a new scholarship track within our EPIC Campus Internship Program. EPIC connects high school students with real world internships to explore career interests, build professional skills, and gain meaningful experience. This funding will expand access to internships with service based organizations: nonprofits, civic agencies, and public schools that offer high impact roles but cannot afford to pay interns. These include opportunities in education, student services, and community engagement. The service focused track will offer 18 week positions where students substitute class time for professional work, applying their EPIC learning in authentic settings. To ensure equity, each student will receive a \$1,777 scholarship (based on 120 hours at \$14.81/hour). This initiative supports youth workforce development, civic leadership, and the City's mission to build a vibrant, future ready community.

Other Funding Sources*

The Littleton Rotary Club provided \$3500 to support this effort. We anticipate having at least 15 students apply for these Service Scholar internships.

Program Information

Program Description *

Due to reductions in state and federal funding, Littleton Public Schools (LPS) and Littleton Public Schools Foundation (LPSF) are seeking stadium district funding to maintain essential summer programs for youth in 2026. These programs provide both pathway exploration and academic intervention opportunities that have demonstrated strong success in previous years.

LPS respectfully requests \$100,000 in financial support to sustain the following summer initiatives: EPIC Middle School Explore Camp, High School Credit Recovery Program, Orton-Gillingham Summer Reader Camp, and Newcomer Support Program.

These summer 2026 programs will serve 550 youth in our community, and benefit their educational growth, academic recovery, and future job readiness. Without supplemental funding, these offerings are at risk of being discontinued.

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

\$30,000 EPIC Middle School Explore Camp

In collaboration with EPIC Campus, this week long camp provides students entering grades 6-8 (for the 2026-2027 school year) with hands on exposure to six career pathways available through EPIC. 300 students

\$30,000 High School Credit Recovery Program

This program offers essential credit recovery courses for LPS high school students (grades 9-12) who are behind in meeting district graduation requirements. Courses will be held at an LPS high school and include a swimming class option. 150 students

\$30,000 Orton Gillingham Summer Reader Camp

Now in its third year, this intensive literacy camp (5 days for 3 weeks) targets early elementary students in need of reading intervention. 75 students

\$10,000 Newcomer Support Program

Designed for recently arrived students, this specialized program provides continued academic engagement and support during the summer. Includes a language acquisition curriculum. 25 students

Program Information

Program Description *

Centennial Academy of Fine Arts became an art school pilot for Littleton Public Schools in the fall of 2002. The mission of arts education at Centennial is to provide engaging experiences in the arts, culture, and society. The program seeks to ignite creativity through transformative experiences in visual and performing arts where students express their learning in new ways based on exploring media, developing skills, and taking risks to provide pathways toward creative careers and life experiences. This immersion program allows students of all grade levels to participate in visual arts, band, choir, dance, theater, and piano. Centennial Academy of Fine Arts is one of two Title 1 schools in Littleton Public Schools, with over 40-45% of the student body qualifying for free or reduced lunch. Eleven languages are spoken in the homes of Centennial students. Centennial also has a center-based special education department and houses the vision program for the district.

Organization's annual budget

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

As a previous grant recipient, the Centennial PTO has been busy putting the funds plus a large portion of annual PTO funds, to enhance the accessibility, inclusivity, and functionality of our school's performance spaces. This project includes installing new auditorium lighting and seating to improve the indoor stage experience, as well as adding outdoor musical equipment along an accessible pathway to support sensory engagement and musical exploration for students of all abilities, including emerging walkers. By upgrading auditorium seating and lighting, we will create a professional, comfortable, and well lit space for school and community events. Installing outdoor, interactive musical equipment along an accessibility pathway will ensure that students with mobility challenges can actively participate in musical exploration. Funds would help Centennial continue its mission to connect kids to art and make our school environment more inclusive for all students.

Other Funding Sources*

Centennial PTO receives funds through multiple lines of fundraisers. The main fundraiser is a Fun Run where families sponsor their students in an athletic event. The organization also receives a money from King Sopper \ based on families spending and from local restaurants on Spirit nights.

Funding Received in Prior Year?*

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

The funds will be used to provide scholarship awards through the annual Littleton Youth Ballet David Jaramillo Scholarship Fund. Scholarships are awarded annually to LYB members through a formal application process. Recipients may use the funds to offset expenses such as annual membership fees, competitions, master classes and intensives.

In May of 2025 the scholarship committee awarded \$4500 to support members of Littleton Youth Ballet!

We are in hopes that we can give out even more funds to support members of LYB to assist in pursuing their passion!

Other Funding Sources *

Other sources for funding are through donations, fundraising and sponsorship at LYB's gala.

Program Information

Program Description *

For nearly 20 years, North Littleton Promise (NLP) has served northeast Littleton's immigrant community, building relationships and putting action to "Love thy neighbor." Where nearly all families are low-income and primarily Spanish-speaking, NLP closes the achievement gap for immigrant children, fosters community-led engagement, and supports families across generations. This grant will bolster general operations, with a focus on afterschool and summer programming, and family engagement. NLP offers K-12 educational enrichment, mentorship, character development, and soccer teams that teach teamwork and leadership. Summer camps focus on academics and include field trips. High schoolers develop job skills and explore career paths through a leadership development program. NLP also hosts monthly parent meetings and offers a Spanish/English Language Program that promotes bilingual exchange and cross-cultural understanding, making NLP a trusted hub for immigrant families.

How would the funds be used? *

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

North Littleton Promise builds life giving relationships with immigrant kids and families to foster faith, education, and leadership in Christ centered community This grant will support 2026 summer youth programs that provide academic support, mentorship, and leadership development ADVENTURE DAYS (1st 5th) and SUMMER ACADEMY (6th 8th) are five week, all day programs promoting spiritual, academic, and social growth Activities include reading, STEM, outdoor adventures, and college exposure The HIGH SCHOOL LEADERSHIP PROGRAM offers paid summer roles and year round college/career prep NLP also partners with Eagle Lake Camps for a week of immersive nature based growth through activities like canoeing, climbing, and ropes courses Camp builds confidence, reduces stress, and fosters independence Across all programs, students gain critical life skills, connect with mentors, and experience belonging in a safe, supportive, and empowering community

Other Funding Sources *

North Littleton Promise is committed to long-term impact through consistent programming and deep-rooted relationships. NLP leverages its relationships with individual donors, local churches, foundation grants, and city partnerships to sustain its initiatives. NLP's growing network of volunteers and alumni also help extend capacity while strengthening community ownership. Additionally, NLP fundraising events, such as La Fiesta, ensure ongoing support for youth programs, language classes, and parent engagement. Below are NLP's funding sources for 2024:

Foundations- \$212,800

Individuals- \$101,000

Campaigns- \$39,000

Events- \$60,000

Participation Fees- \$20,000

Summer Programs- \$40,000

Churches- \$37,500

Other- \$1,100

Thus far in 2025, NLP has received \$131,187.40 in donor giving, as well as the following grant awards:

Telluray Foundation- \$50,000

Stoller Foundation- \$15,000

Reiter Family Foundation- \$10,000

The 2025 stadium funds are actively supporting NLP's summer session, which currently serves 51 students. Each morning, students participate in math and literacy enrichment activities. In the afternoons they take part in leadership lessons and hands-on projects, such as maintaining the NLP garden. Fifth graders work weekly with seniors at Parkinson's Point, leading strength and balance exercises. The program also includes field trips to the Denver Museum of Nature and Science, the Children's Museum, Wings Over the Rockies, Town Hall Arts Theater, and Pirate's Cove. Additionally, students enjoy hikes and sessions with guest educators.

Program Information

Program Description *

The Crescendo Project nurtures the next generation of musicians and music lovers through engaging, accessible music education. We partner with schools, focusing on Title I, to offer a flexible menu of programs: interactive in-school assemblies with live ensembles, immersive Discovery Concerts that invite students into the orchestra experience, in-school enrichment to strengthen music programs through small-group instruction and Honors Coaching, and our Emerging Young Artist program that spotlights exceptional youth. For this grant, we will focus on three impactful offerings for Littleton: free tickets for students and families to our classical concerts, in-school assemblies for Littleton schools, and free admission to our Children's Discovery Concerts, removing cost barriers and inspiring lifelong connections to music.

How would the funds be used?*

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

We are requesting \$27,600 to support three key offerings of our Crescendo Project for Littleton students

- Free concert tickets for families We'll provide complimentary tickets to mainstage concerts for Littleton students, families, and teachers This spring, over 40 attended
- In school concerts We'll present five assemblies in partnership with LPSD teachers, reaching approx 1,750 students These interactive performances introduce instruments and spark continued musical participation
- Discovery Concerts We'll offer 1,000 students tickets to immersive concerts in April and November 2026 First invitations go to the district's three Title I schools, with remaining tickets offered to 24 additional elementary schools

Budget \$1,000 for concert tickets; \$21,600 for five in school concerts (4 musicians @ \$1,080 each); \$5,000 for two Discovery Concerts

All funds will be used by the end of the 2026 funding cycle, in accordance with the City's grant guidelines

Specify how prior year's funds and/or in-kind services were used.*

Yes. Having received Stadium District Funding in February 2025, we began implementation in spring 2025 with in-school assemblies and Discovery Concert tickets provided to Littleton school students. Additionally, we expanded access by offering complimentary tickets to our mainstage classical concerts for students and families. All awarded funds will be fully spent by the end of the year in alignment with fall semester scheduling.

Program Information

Program Description *

Whiz Kids (WK) provides one-to-one tutoring, mentoring, and spiritual support to students living below the literacy and poverty lines. The program builds academic skills, confidence, and meaningful relationships to help students experience lasting hope and a brighter future. Core components include: the Tutoring, Mentoring, and Academic Support Program, where trained volunteers offer individualized support; Club Time (optional), offers age-appropriate, faith-based messages and activities; and Student Enrichment, including events such as the annual Whiz Kids Rodeo. WK operates six sites in the City of Littleton, providing consistent, caring support to help young people thrive in school and in life.

The best example of WK's program is through students like Karla. Karla was a WK student for three years at our Bethany site 18 years ago. She grew so much academically and found a love for teaching. She is now a teacher in Littleton Public Schools and came back to tutor at the same site!

If applying for stadium district funds, how would the funds be used to support youth activity programs? (1,000 character limit)

Whiz Kids requests program support to continue offering one to one tutoring and mentoring for students living below the poverty line in Littleton WK serves students at six sites in Littleton, including 1) Littleton 1st Presbyterian, 2) Littleton United Methodist, 3) Grace Point, 4) Bethany, 5) Calvary, and 6) Horizon, which serve 125 students total among Field Elementary, Little Raven Elementary, and Centennial Elementary

Funds will support volunteer recruitment, training, and oversight; creation of student materials; stipends for liaison teachers at partner schools; background checks; student incentives; and volunteer appreciation efforts Whiz Kids helps students engage in school as confident learners with a sense of hope and purpose The program focuses on literacy, math, and homework help while fostering mentoring relationships that build resilience and social emotional skills

Other Funding Sources*

As a well established organization with decades of experience, Whiz Kids has developed a robust and diverse revenue infrastructure to sustain its programming long term The organization collaborates with longstanding funders and experienced development consultants to secure funding for all initiatives In FY 2024, Whiz Kids' revenue sources included Individual Contributions (35%), the IRS Employee Retention Credit (24%), Foundations (14%), Events (8%), Government Grants (7%), Business/Corporations (7%), Churches (3%), and Interest (2%) This diversified funding strategy ensures the stability and continuity of Whiz Kids' programs even beyond the exhaustion of specific grant awards

Grant funds were used to support programming at WK's six tutoring sites in Littleton, serving under-resourced students particularly vulnerable to academic failure. Through tailored academic support, mentorship, and resources, the program aimed to improve educational outcomes for these students. In the 2024-2025 academic year, Whiz Kids served a total of 504 elementary and middle school students across 37 tutoring sites in six counties, with 100 of these students being from within the City of Littleton. This success was made possible by the dedication of 710 volunteers, including 260 new tutors, who collectively provided 28,200 hours of tutoring and site management. Of these, 110 tutors served in the Littleton sites.
