Should the city continue to allow a maximum of four marijuana stores to operate in Littleton, regardless if they offer medical or retail, or should council considering increasing or decreasing the number of stores if they approve retail marijuana?

Confirmed residents of District 1

Response:	Number of responses	Percentage
Continue max of 4 stores	4	24
Allow more than 4 stores	9	53
Reduce to less than 4 stores	0	0
I do not support retail MJ	4	24

Confirmed residents of District 2

Response:	Number of responses	Percentage
Continue max of 4 stores	10	33
Allow more than 4 stores	11	37
Reduce to less than 4 stores	0	0
I do not support retail MJ	9	30

Confirmed residents of District 3

Response:	Number of responses	Percentage
Continue max of 4 stores	7	19
Allow more than 4 stores	7	19
Reduce to less than 4 stores	2	6
I do not support retail MJ	20	56

Confirmed residents of District 4

Response:	Number of responses	Percentage
Continue max of 4 stores	4	11
Allow more than 4 stores	7	18
Reduce to less than 4 stores	0	0
I do not support retail MJ	27	71

All responses from confirmed residents of the city of Littleton (n=121)

Response:	Number of responses	Percentage
Continue max of 4 stores	25	21
Allow more than 4 stores	34	28
Reduce to less than 4 stores	2	2
I do not support retail MJ	60	50

All Responses (in and out of the city of Littleton) (n=408)

Response:	Number of responses	Percentage
Continue max of 4 stores	82	20
Allow more than 4 stores	184	45
Reduce to less than 4 stores	6	2
I do not support retail MJ	136	33

Medical marijuana stores are now subject to distance limits from parks, schools, and daycares. Two of the stores were operating prior to the distance limits and are "grandfathered" as non-conforming. If they want to sell retail, should the non-conforming stores comply with distance buffers?

Confirmed residents of District 1

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	8	47
No, allow to operate where they have been	9	53

Confirmed residents of District 2

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	20	67
No, allow to operate where they have been	10	33

Confirmed residents of District 3

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	32	89
No, allow to operate where they have been	4	11

Confirmed residents of District 4

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	32	84
No, allow to operate where they have been	6	6

All responses from confirmed residents of the city of Littleton (n=121)

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	92	76
No, allow to operate where they have been	29	24

All Responses (in and out of the city of Littleton) (n=408)

Response:	Number of responses	Percentage
Yes, find new location that complies with distance buffers	224	55
No, allow to operate where they have been	184	45
