

# 5 Year Strategic Plan Goals and Objectives

## Goals

1. Preservation – Focuses on the stewardship and preservation of both the city's tangible and intangible examples of its cultural, social, economic, and political heritage.
2. Connectedness and Outreach – Encompasses a breadth of activities focused on education, engagement, and collaboration with residents, property owners, and organizations interested in historic preservation.
3. Internal Development – Emphasizes the importance of on-going education and learning related to the field of historic preservation. This goal also highlights the importance collaboration with City Council and other boards and commissions to ensure a supported and thriving historic preservation program in Littleton.

## Objectives

### Preservation

- Assess the code to ensure a beneficial balance between protecting historic resources and ease of process and use for applicants
- Support the development of a citywide Historic Preservation Plan
- Advocate for the consideration of historic preservation within long range city plans and projects
- Assess properties or districts for local designation
- Identify and celebrate stories of all Littleton residents
- Participate in Littleton Boulevard Subarea Plan

### Connectedness and Outreach

- Engage with residents and utilize input to grow and improve the historic preservation program
- Provide educational opportunities to discuss benefits of historic preservation
- Consider a volunteer program to help with preservation programs, projects, etc.
- Provide opportunities for residents and property owners to celebrate their historic properties
- Provide opportunities for residents to share their histories of Littleton
- Connect with organizations advocating or interested in historic preservation and cultural, social, economic, and political heritage

### Internal Development

- Prioritize continuing education opportunities for the HPC
- Provide educational opportunities for City Council and other boards and commissions on historic preservation
- Collaborate with the Planning Commission to understand affects of development on historic resources

Goal	Objective	Action Item	Primary Party	Funding	Timeline	Completion Status	Projects on the Horizon
