

APPEALS AND ADJUSTMENT COMMISSION ORDINANCE CLEANUP

- **What is council considering?**
- Cleaning up old references to the Board of Adjustments and Uniform Building Code

On February 6, 2024, City Council voted to approve changes to some of the city's boards, commissions, and committees to provide clarity as to their roles.

The Board of Adjustments, along with some of the functions of the Building Board of Appeals, were combined and renamed the Appeals and Adjustment Commission.

References remained in the code to the old naming convention and this ordinance is a clean up.

- **ACTION REQUESTED:**

- Approve or Deny an ordinance cleaning up old references to the Board of Adjustment and the Uniform Building Code.
