Subject: Proposed Oakbrook Assisted Living Facility Application

I am writing to each of you to ask that you support the Planning Board's Resolution 20-2014 which limits the height of construction of the proposed Oakbrook Assisted Living Facility to no more than 36 feet in the Safeway Oakbrook Shopping Center.

My wife, children and I have lived in the Oakbrook development for twelve years now. I drive by this area virtually everyday. The view of the Front Range is spectacular. It is possible to see from Pikes Peak to Mount Evans to Longs Peak. I value this view. There are few places in the immediate area that provide such a expansive view of the Front Range.

I think that the construction of a building in excess of 36 feet that would obstruct this view would be an affront to the Oakbrook residents as well as a violation of a covenant made a long time ago.

I thank you for your time in reading this. I also thank you for your work on the City Council.

Sincerely

—
