

Ordinance Amending Business Liquor Licensing Provisions

June 4, 2024

Reid Betzing, City Attorney

- WHAT ARE WE AMENDING?

We are amending a section of the city's liquor licensing code that pertains to the types of liquor licenses that can apply for tastings permits.

- WHY ARE WE AMENDING IT?

State law changed in 2023 to allow for fermented malt beverage and wine retailer license holders to apply for tastings permits and the city's code does not allow that license type to apply for tastings permits.
