Re: Program Modification Approval, National Pollutant Discharge Elimination System (NPDES)
Number: CO-0032999

Dear Mr. Kuosman:

The Environmental Protection Agency public noticed your request for a substantial modification of the Littleton-Englewood Wastewater Treatment Plant's (LEWWTP) Pretreatment program on May 5, 2017, as required by 40 CFR Section 403.18. Our records indicate that no substantive comments were received and that the modifications, as public noticed, have remained unchanged. Therefore, pursuant to 40 CFR Section 403.18(c), the modifications public noticed by the EPA are approved. The revised pretreatment program shall be an enforceable condition of your NPDES permit as of the date of this approval letter (*see 40 CFR Section 122.63(g)*). The LEWWTP should evaluate and update its procedures or permits to ensure these adequately implement the program modification, as required in 40 CFR 403.8(f)(2).

If you have any questions, please contact Al Garcia, EPA Region 8 Pretreatment Coordinator, at (303) 312-6382 or garcia.al@epa.gov.

Sincerely,

Colleen R.L. Rathbone
