Miscellaneous Information

The state liquor code is due to be recodified effective October 1, 2018. Because this recodification will impact our recommended amendments to Title 3, Chapter 2, of the city code, staff has opted to postpone moving forward at this time. We will, once the recodification is published, present the recommended amendments to Council in study session, with first and second read on an ordinance to occur, most likely, in November of this year.
