ENVISION LITTLETON STARTS WITH YOU

Envision Littleton is a community-driven process to plan for the next 10-20 years. We will listen to what you value, why you love Littleton, and your ideas about the future. This vision adopted on December 18, 2018 was the initial step in a larger process to update the city's comprehensive plan and create a transportation master plan in 2019. Envision Littleton will also identify any updates to the city's zoning and land use codes and ensure consistency with the vision, comprehensive plan, and transportation master plan.
