What will the HPB consider when reviewing my application?

The HPB will use its discretion in granting awards based on the considerations listed below. Projects do not need to meet all of the considerations to be awarded a grant. Applications will be reviewed and grant determinations made relative to all proposed projects submitted within the same grant round.

Considerations

1. Project will have a significant positive visual impact on the historic character of the district.
2. Project is located on a street-facing façade of the building.
3. Project includes restoration of architectural details and materials on a historic building façade.
4. Project will provide permanent, rather than removable, elements. Examples of removable elements include signs, canopies, and fixtures.
5. Project includes architectural design assistance.
6. Property has not previously received grant funding or the project is part of an ongoing, phased, set of improvements.
7. The health, safety and welfare of the community.
8. The board will give negative consideration to any applicant who previously received funding and did not complete the project within the approved timeframe for project completion. Applicants in these cases will be asked to assure the board that the proposed project will be completed during the allotted time frame.

What other applications and processes are required?

All projects are required to go through the appropriate city planning review and building permitting process. Being awarded a grant is not a substitute for either planning or building permit approval. If the proposed grant

project requires a certificate of historic appropriateness (COA), the COA must be approved prior to approval of the grant.

When must the project be complete?

Projects are expected to be completed within one year of the date of award. However, HPB recognizes that extenuating circumstances may delay the completion of a project. Up to two extensions may be granted as follows:

- **Administrative extension** - A 6-month extension may be approved by staff if there are extenuating circumstances. Requests must be submitted prior to the end of the twelve months allotted for the completion of the project.
- **Board-level extension** - A second 6-month extension may be approved by the Historical Preservation Board when there are compelling circumstances. Requests must be presented in writing at a regular board meeting prior to the end of the deadline allotted for completion of the project.

When do I get reimbursed?

1. **Reimbursement after project completion** - Projects awarded grant funding will be reimbursed after the entire project, as approved, has been completed and reviewed by the city to ensure compliance with the approved grant project, the Certificate of Historic Appropriateness (COA) and any other city approval that was approved in conjunction with the work.
2. **Reimbursement after bills are paid in full** – Grantees seeking reimbursement must submit (a) a completed reimbursement request form; (b) a W-9 for the grantee; (c) proof of final payment of the invoices for the project, such as final invoices signed by the contractors as paid in full or cancelled checks; and (d) electronic copies of color photographs showing the completed work. Those photographs should be at approximately the same scale and cover the same sections of the building shown in the photographs submitted with the application. Staff may visit the site to confirm project completion as anticipated by the grant award. If a completed project is inconsistent with the grant award, as approved, the applicant may not receive reimbursement.

How Do I Get Started?

Pre-application

- 1) Contact Andrea Mimnaugh at 303-795-3719 or amimnaugh@littletongov.org to schedule a pre-submittal meeting. City staff will work with you throughout the application process.

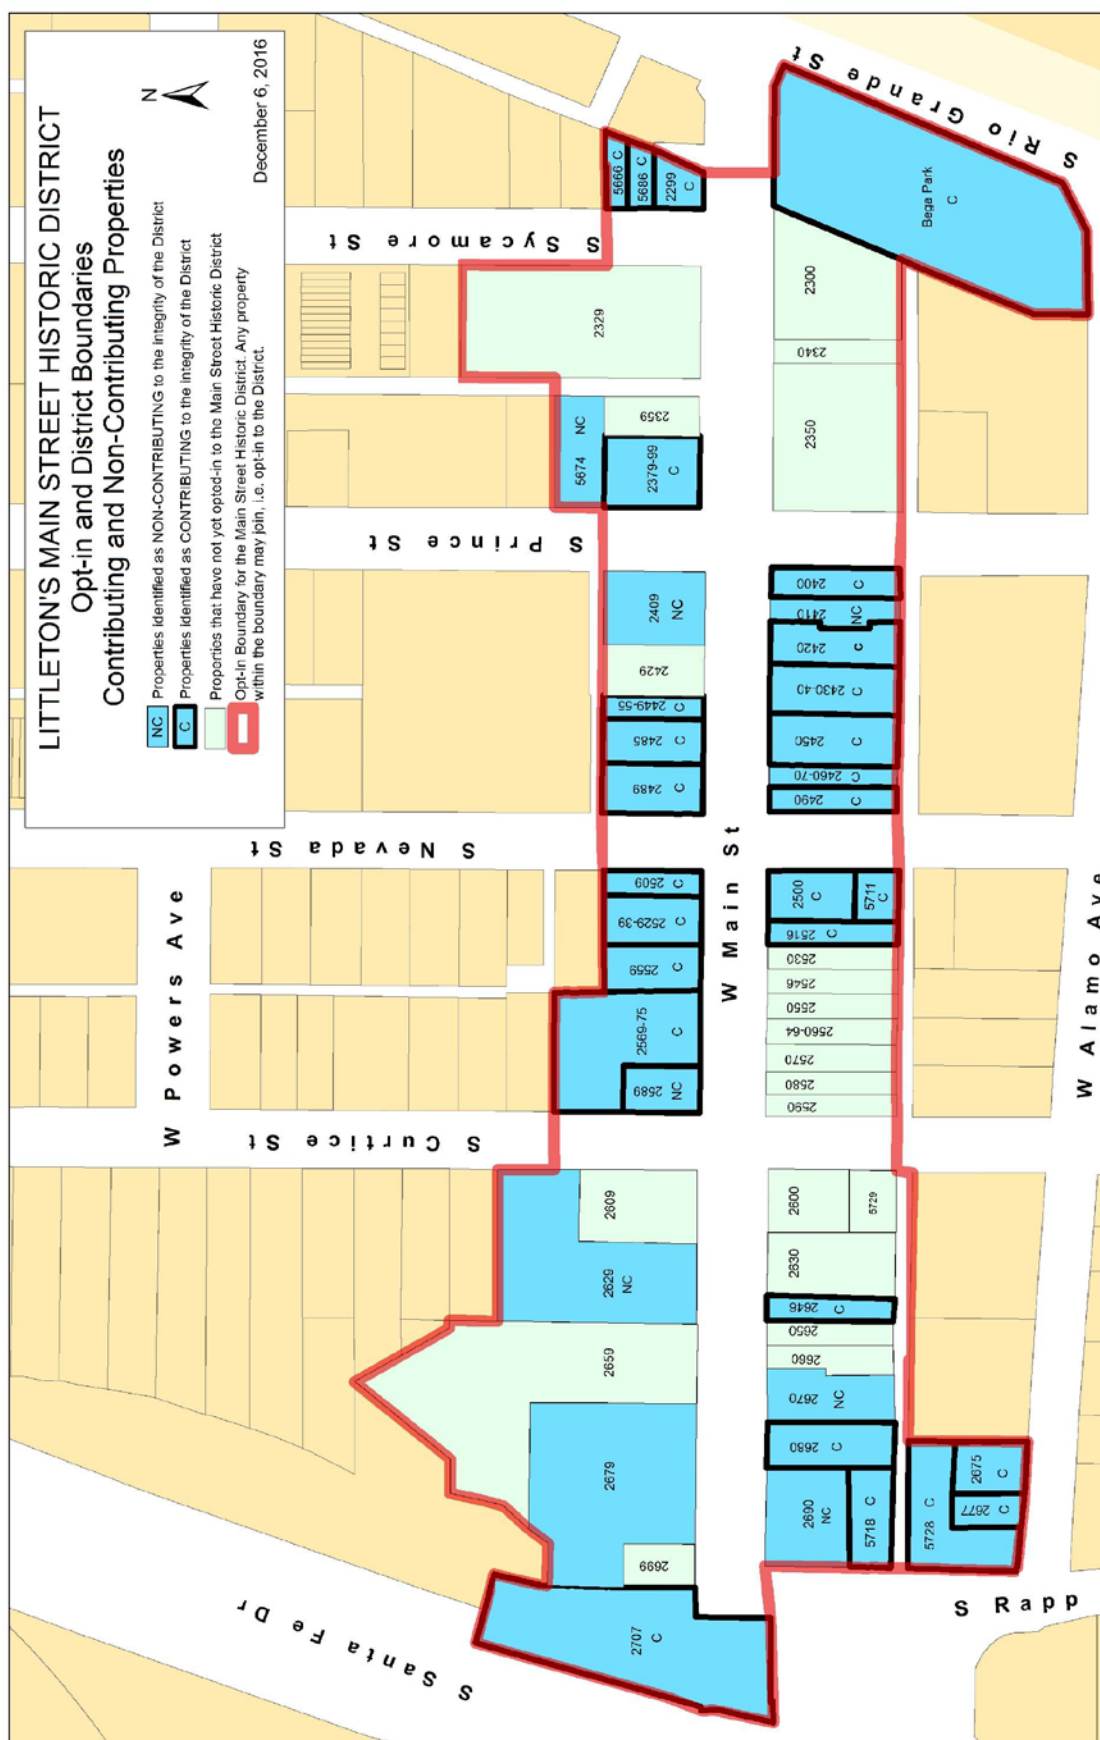

Application submittal

There are two parts to the application packet, the first submitted online, the second submitted by email:

- 1) Complete the application form on the city website online at [Main Street Historic District Grant Program](#)
- 2) Scan and email to DRT@littletongov.org:
 - A letter of intent that includes a detailed written and description of the proposed work and a timeframe for completion of the project
 - Photographs of the existing building noting the areas where work will be completed
 - Historic photographs of the building, including the section where work will be completed – if available
 - The proposed budget
 - Three contractor bids – if three bids are not included, provide explanation in the letter of intent.
