

Envision LITTLETON

Our Community. Our Future.

2040 PLAN SUMMARY

WHO WE ARE

Littleton is a place where visions and values endure across decades and generations. A place where nature and city living intersect, can both be enjoyed, and are guarded with a fierce sense of stewardship.

Envision Littleton, our 2040 vision and plan, manages change and growth amid the reality of a community that is largely developed already. Over the next 20 years, Littleton will continue to build on the shoulders of our founders and past civic leaders with a continued dedication to innovation and celebration of this unique place.

The Envision Littleton Comprehensive Plan is all about Littleton, its people and its places. The Plan captures what we treasure today and what we strive for going forward. The Plan is the City's framework to help the city and others make decisions, inform policy, and ensure our community never loses its heart and soul – what makes Littleton, Littleton – as it continues to grow and thrive.

NO STRANGER TO GROWTH

Littleton grew **304%** in the 1950's.

A STRONG SENSE OF COMMUNITY LIVES HERE

Among Littleton's core values are a **passion and commitment** to local history, the outdoors, being inclusive, being a model community, civic involvement, integrity, quality, and safety.

STRATEGICALLY PRINCIPLED

These Guiding Principles describe community values and serve as the foundation for our 2040 Vision.

ANCHORED

Even in the face of potentially significant demographic change ahead, Littleton will remain anchored by a firm belief among its residents and leaders of all that makes this a truly special place.

AUTHENTIC

Littleton will continue to be authentic and comfortable for both residents and guests. The often-cited “small town feel” and sense of community dates to our origin as a “Little Town” separate and apart from Denver.

CONNECTED

Littleton will be an increasingly connected and accessible place. From a physical and mobility standpoint, it will continue to have regional ties via highways and arterials, transit services, long-distance trails, and the Mary Carter Greenway.

ACTIVE

Littleton will always be a community of active people who make the most of their city's cultural and natural resource abundance.

ENGAGED

Littleton will remain engaged and civic-minded in all matters affecting the direction and priorities of city government and the community.

PLAN & ACTION

Preserving the history, culture, and overall quality of life for current and future residents is central to Envision Littleton.

As a framework to proactively plan for the next 20 years, this Plan outlines the aspirations of the community with each section paying tribute to the legacy of past planning, key issues and considerations, and a framework for action.

The Plan guides City officials and staff in their daily decisions to collaborate with the community on the future direction, financial health, and “look and feel” of the community. Envision Littleton sets the tone and moves the community forward in coming years.

OUR FRAMEWORK FOR ACTION

WHAT'S NEXT?

Going forward, we will continue to listen, learn, and adapt so that the desired future for everyone in Littleton stays in focus. All who have contributed to Envision Littleton must remain stewards of the vision the community has put forward.

OUR PATHWAYS TO ACTION

IN THIS TOGETHER

Partnerships are at the heart of Envision Littleton because the Plan requires collaboration for both programmatic and funding support from the public, private, and nonprofit sectors.

Some community initiatives identified in the Plan cannot be accomplished by our City government alone. Through direct coordination, intergovernmental agreements, and joint funding, we can achieve more together. The role of private and non-profit partners to advance the community's action agenda should not be underestimated. Achieving our vision will require collaboration between public, private, and nonprofit sectors on programming and funding for improvements to our community.

MANAGING GROWTH

The plan considers a range of potential growth as well as the tools to help manage change over the next 20 years.

DESIRED OUTCOMES & GOALS

We envision a Littleton in 2040 that has:

QUALITY COMMUNITY

Maintained the integrity of its established neighborhoods and historic areas.

SUSTAINABLE COMMUNITY

Protected its cherished natural setting in harmony with new development and redevelopment.

RESILIENT COMMUNITY

Ensured that reinvestment in the community, whether in Littleton's legacy housing stock or along its commercial corridors, has met local expectations for quality and compatibility with its surroundings.

SAFE COMMUNITY

Made itself even safer and more accessible for all the ways that people navigate through and within Littleton.

ENGAGED COMMUNITY

Achieved a higher standard for cleanliness and burnished its appeal as a place with strikingly beautiful vistas.

FINANCIAL SUSTAINABILITY

Secured the long-term sustainability of city finances to continue providing its citizens the best in public services.

I&S 2	Well-maintained water, wastewater, and storm drainage infrastructure that serves the needs of Littleton residents and businesses while minimizing adverse impacts on the environment.
HART 1	Preserved and enhanced public green spaces that provide access to nature, widespread opportunities for recreation and play close to home, and continuous greenway connections within and through the city.
HART 2	Continued protection and promotion of Littleton's heritage, especially where it is tangibly visible in historic architecture, designated districts and landmarks, and distinctive neighborhoods and buildings.
HART 3	A healthy community with convenient access to recreational facilities and programming and outdoor fitness activities.
HART 4	A vibrant city for both residents and visitors, enlivened by an active downtown, an array of arts, cultural, and entertainment options both indoor and outdoor, extensive heritage tourism opportunities, and popular community events and festivals throughout the year.
ENV 3	Efficient use and conservation of water resources.
S&D 3	An ecologically sound and exceptionally attractive South Platte River corridor, framed by sensitively planned land uses, that continues to anchor the entire community's trail and open space networks.

I&S 3	A continuing commitment to periodic assessment, and ongoing maintenance, of public facilities that are essential to Littleton's livability and accommodation of visitors.
TMP 4	Contribute to our economic prosperity while maintaining and enhancing our community's character.
TMP 5	Build and operate a financially and environmentally sustainable transportation system.

COMMUNITY CHARACTER

The Envision Littleton Comprehensive Plan guides future development, redevelopment, and community enhancement efforts over the next 20 years. It's a framework for continued community discussion on the challenges currently facing our City, and opportunities that will shape our future. Through long-range planning efforts, Littleton can accommodate growth and revitalization in a way that preserves our history, culture, and overall quality of life.

GOING TO WORK FOR ALL USERS

The Envision Littleton Transportation Master Plan (TMP) is our community-driven framework for providing a transportation system that works for all users. The plan maps out a complete network of streets that are vibrant, safe and promote a sense of place while providing choices for users of all ages and ability.

TMP Community Character

Incorporating community character into the design of our streets is key to move our city forward. The plan considers adjacent land use through sidewalk treatments, landscaping, parking, and other aspects of a street's design.

THE 5 C'S OF THE TMP

A SYSTEMATIC APPROACH

1. Community

This is about making sure streets serve the needs of the community and contribute to improved quality of life.

2. Connections

We recognize the need to strengthen connections between our neighborhoods and to our region in order to maintain the livability of our community.

3. Calming

The plan identifies context-sensitive guidelines for our streets to encourage appropriate driving behaviors and speed while providing welcoming environments for all users.

4. Choices

In order to maintain our vibrant and active culture, we will work to provide comfortable, convenient, and safe options that make it easy for people to walk, bike, ride transit and drive.

5. Capacity

Addressing traffic concerns is a top priority. The plan includes a toolbox of techniques and strategies to move cars more efficiently.

TMP Complete Networks

The Envision Littleton TMP details a complete set of networks that move people and goods. Today, the networks focus on mobility grouped into the following modes:

PEDESTRIAN

Pedestrians are our most vulnerable travelers, and walkability is an important aspect of our community character. All of Littleton's streets should provide safe spaces to move along and across the street.

BICYCLE

Bicycle priority streets aim to provide low-stress bicycle options to reach destinations. The treatments used on these streets may include striped bike lanes, protected bike lanes, cycle tracks, or separate off-street facilities, such as parallel trails.

AUTO & FREIGHT

The movement of people and goods on our streets in vehicles will remain a top priority. Providing appropriate Levels of Service for this movement is a key policy of the TMP.

TRANSIT

Bus and light rail corridors should offer amenities and infrastructure to provide competitive and attractive transit services as an alternative to the private car.

TMP MISSION

RESPONSIBLE STEWARDS

The mission of the TMP is to enable connection and accessibility for all through regional leadership and responsible stewardship of the City's transportation systems, policies, programs and services.
