Subject: FW: Message for the HPB and City Council

Hi, Colleen,

I hope all is going well for you. Would you please disseminate this letter to the Historic Preservation Board and City Council?

Many thanks!
Susan

August 31, 2021

To: The Historic Preservation Board and
The Littleton City Council

Re: Downtown Historic District

Dear Members of the HPB and City Council –

I am writing to support the expansion of the Main Street Historic District to include Alamo Avenue between South Rio Grande and Rapp streets.

The area was part of the townsite established by Richard Little in 1872, and some of the buildings in the proposed district date back to as early as 1884. The area is very similar in character and historic value to the current Main Street Historic District, which has truly been the heart and soul of our community for 20 years.

Loss of any more of the historic buildings along Alamo would be a very real blow to Littleton’s historic character and to the tourism that comes from it.

Please approve the expansion of the Main Street Historic District.

Thank you for your consideration,

Susan M. Thornton

Sept. 2, 2021

To the Littleton Historic Preservation Board and City Council,

I first moved to Colorado in 1996 to become Executive Director of Colorado Preservation, Inc. I came to that position after working in historical positions at Mount Vernon, the Smithsonian, Portsmouth's Strawberry Banke, and Alexandria's Gadsby's Tavern. In those positions I saw firsthand how historic districts and attention to historic preservation benefitted communities. During the following five years at Colorado Preservation, Inc. I got to see how communities all over this state were saving historic buildings, creating historic districts, and thriving. CPI's Most Endangered Places Program, which I founded, has shown time and again how attention to historic buildings engenders community pride and often builds a community's economic base. When I left CPI I became the Executive Director of the Mountain-Plains Museums Association and saw how much downtown museums and historic buildings benefitted communities.

Littleton has been my family's downtown in the twenty-five years I have lived in Colorado. We attend special events like the downtown Christmas lighting, go to church in Littleton, and shop/dine on Main Street. We enjoy driving through the downtown and seeing the historic houses along Alamo.

I have seen firsthand how valuable having an historic district can be for a community like Littleton. I would urge you to create a Downtown Historic District.

Sincerely,

Monta Lee Dakin

To Whom It May Concern:

The Littleton Downtown Historic District needs commercial Main Street to be complemented by residential Alamo Street.

This Expansion greatly will benefit the City of Littleton and increase Visitors placing the District higher on their "Go To" List.

There is no better time to move forward in this major endeavor with multiple, lasting Enhancements for Old Littleton.

Carpe Diem!

Sincerely,
Mary Manley

Littleton City Council and Littleton Historic Preservation Board Members,

Although I live in Lone Tree, I am extremely interested in your potential proposal to expand on your downtown historic district to include several blocks of Alamo Avenue. As a Colorado native from Meeker, Colorado and a citizen of the Metro Denver area since 1991, I have always thoroughly enjoyed the unique historic aspect of Downtown Littleton. You have done such an incredible job preserving the past while incorporating a family/community feel that is unlike anywhere else in Metro Denver.

I was enthused to learn that you are potentially looking to expand the amazing foundation you already have. I know for my family and I, we already go to Historic Littleton at least once a month. This expansion would only attract us further.

With all of the pressure in society of modernization, I firmly believe any chance we have to protect, enhance and appreciate what those did before us should be top of mind where it makes sense. The Downtown Littleton Historic District is one of those special places.

As I think about what a rare iconic area you have, one longtime historic area comes to mind that recently gave in to the pressure of improvement and modernization. I was extremely disappointed when White Fence Farms closed for new urban development. I always thought in some ways it was similar to Downtown Littleton, where you could take your family back in time and enjoy many of the simple, pure things in life.

I sincerely hope you initiate your proposal and am sure there will be controversy and many people apposed to this initiative, but in the end, I sincerely do believe so many more would be in favor of it than apposed.

Thank you for listening!

Mike Parr

Littleton City Council
Littleton Preservation Board

Re: Expansion of Historic District to include Alamo Street

Ladies and Gentlemen:

As a person who has been involved in preserving Littleton's history (and particularly Main Street and its environs) for more than 30 years and as a director of Historic Littleton, Inc., I encourage each member of the City Council to support the expansion of the Historic District to include Alamo Street. The reasons City Council should support the expansion of the Historic District were excellently presented by Gail Keeley in her recent letter to the City Council.

Thank you for your consideration.

Cordially,

Michael G. Massey

Rick, First off I want to thank you for your service on the HPBoard. As a former HP Board Member and a former Littleton City Council Member, I know how much time and effort goes into your position. Littleton is the exceptional community it is because of citizens like yourself.

I will be out-of-town when the HP Board meets on September 13, but I want to urge your support for the expansion of the Main Street Historic District to Alamo Street.

Alamo Street contains some of the best-preserved residential buildings from early Littleton. With its mature trees and variety of housing styles, it gives visitors a unique look into Littleton's past. Alamo is a beautiful street with buildings that complement the buildings on Main Street.

I am one of the volunteer guides for the Historic Littleton walking tours. We average 40-50 people each time we give a tour. Our participants are vocal in their support of the preservation of Littleton's historic buildings. One of the reasons Main Street is thriving now is because its historic buildings have been so well preserved. Alamo's buildings merit preservation, especially now that so many of the residential buildings north of Main Street have been lost.

I hope you will vote to approve this historic district.

Sincerely, Rebecca Kast

To members of the Historic Preservation Board and City Council -

I started working at DISH Network near downtown Littleton nearly 20 years ago. One of the benefits of our location was discovering the incredible Denver area jewel of Downtown Littleton.

While working at DISH, we would frequently go to different restaurants on Main Street either for lunch, or a happy hour with a simple walk to downtown.

But more than that, I have found it to be a great place to meet friends and associates from all over the Denver area. I live in Lakewood, and I find Downtown Littleton is central and almost feels like everyone's Main Street and downtown.

And on top of that, Downtown Littleton is one of my "musts" to take family or friends visiting Denver. We wander through the shops, and maybe have a drink or meal along the way.

Even though I haven't worked at DISH for two years now, I still am in downtown Littleton for some reason at least once a month. Part of the charm are the historic buildings, great stores and restaurants and fun events. I fully support expanding this district to include Alamo, and keeping it as special as it currently is.

Thank you for your consideration.

To: The Littleton City Council and Historic Preservation Board

Hello!

I'm a resident of Littleton and recently heard about the proposal to create a larger Downtown Littleton Historic District. I am writing to state my support for the proposed downtown historic district.

Littleton's historic Main street is already a wonderful space; with a great variety of businesses, restaurants and bars, storefronts, etc.

However, just having great eateries or businesses is not unique to downtown Littleton. Particularly with the population explosion in the Denver area, there are currently plenty of areas filled with similar "main street" areas filled with similar businesses, restaurants/bars and storefronts. What makes downtown Littleton special in my opinion, is the old town charm and small town character of the downtown area. The historic buildings and/or the maintenance and preservation of the historic architectural feel of the downtown area make Downtown Littleton much more inviting and pleasant location to shop, dine, and even stroll thru as compared with the more modern "soulless" shopping and dining areas like Lone Tree, Belmar, or the Tech Center for example.

I am not an architecture or history buff, but I know that preCOVID there were also periodic architectural/historical walking tours of the downtown Littleton area and although I haven't made it to one yet.....I have always wanted to. I think it's important to preserve as much of the history of the area as possible for our enjoyment AND education.

SO absolutely, I support the preservation of the historic character of downtown Littleton with the expansion of the current Historic Main Street area to include the additional proposed areas in a new Downtown Historic District.

Thank you,

Rachel Weintrob
