Iftin Abshir

RE: Conduct at Recent City Council meeting

Dear Ms. Abshir:

The purpose of this letter is to address conduct and comments that were made by you at the October 19, 2021 City Council meeting. During the Public Comment portion of the meeting you accused Council multiple times of being either unwilling or unable to adopt a recommendation by the Next Generation Advisory Committee ("NGAC") of a Land Dedication Acknowledgement before every meeting. This topic had not been scheduled before City Council to discuss and indeed a majority of Council had no idea what you were referring to. Your insinuation and implications were that City Council was dismissive and racist for failing to adopt a recommendation by the NGAC.

You followed that up with additional comments during the Public Comment portion of the ULUC where you advocated for Council to vote no on the adopting ordinance. In those comments you read campaign literature from various sitting Council persons insinuating and implying that certain members of Council were not honoring their individual commitments and that presumably those statements were just a way to get elected.

All board members serve at the pleasure of Council and can be removed at any time. As a board member appointed by City Council it is entirely inappropriate at a Public Hearing to be critical of actions that Council has taken or not yet had an opportunity to act upon. It is further entirely inappropriate to impugn the integrity of those that appoint you. Both myself and the Mayor Pro Tem have tried to contact you multiple times to address your actions and our communications have gone unreturned.

In discussions with Council it is the direction of City Council that you either tender your resignation from the NGAC by November 3, 2021 or formal action by way of motion will be placed on the November 9, 2021 meeting to have you removed from NGAC

Jerry Valdes  
Mayor of the City of Littleton

Cc: City Council  
Mark Relph, City Manager
