Subject:
Resolution 43-2021: Adopting City Council’s 2021-2022 Goals and Objectives

Prepared by: Samma Fox, Assistant to the City Manager

PURPOSE:
To adopt 2021-2022 Goals and Objectives which will set direction for staff.

PRESENTATIONS:
Staff Presenter(s): Mark Relph, City Manager
Additional Presenter(s): N/A

SUMMARY:
The typical process for council to approve the annual goals and objectives starts with a workshop or retreat in the beginning of the year. The process would then require staff to develop a work plan which includes action steps and a schedule, typically presented to council in March or April and formally adopted shortly thereafter. This year, in the absence of a council work shop, goals were reviewed during a sequence of study sessions culminating in this resolution to formally adopt the 2021-2022 Council Goals.

PRIOR ACTIONS OR DISCUSSIONS:
The proposed 2021-2022 Council Goals include many carryovers form the 2019-2020 Council Work Plan originally discussed at the 2020 Council Workshop (ending February 1, 2020), adopted on April 21, 2020, and discussed at intervals throughout the year. Council met on February 2, February 9, March 2, April 13, May 11, May 25, June 8, and September 14, 2021 to discuss 2021-2022 goals.

ANALYSIS:
Staff Analysis

Council’s work plan is comprised of goals, objectives, and action steps. Goals set the high-level direction and objectives clarify that direction and provide strategic guidance on how each goal should be met. Action steps are staff’s work plan for how to meet each objective. Council and citizens can monitor progress on these goals by visiting the [2021-2022 City Council Work Plan Dashboard <https://app.smartsheet.com/b/publish?EQBCT=0dd03e3056ef413c930230986738dd3b>](https://app.smartsheet.com/b/publish?EQBCT=0dd03e3056ef413c930230986738dd3b), accessible from the <http://www.littletongov.org> website.

2. Further delay formal approval and re-evaluate potential goals and objectives again, which leads to additional uncertainty for staff and duplicates work.
