Subject:
Next Generation Discussion

Presented By: Council Member Kyle Schlachter
--

REQUESTED COUNCIL ACTION:

Does city council support pursuing the concept of a next generation advisory committee?

BACKGROUND:

The possibility of a Littleton Next Generation Advisory Committee was discussed at the March 27, 2018 study session. Council gave direction to bring back key people from the proposed group and have a conversation focusing on what they want, how they want it, how to provide it, and what that might look like.

The original council communication and draft by-laws are attached.

STAFF ANALYSIS:

This is an informational topic item. Staff analysis will depend on direction from council.

FISCAL IMPACTS:

This is an informational topic item. Fiscal impacts will depend on direction from council.

STAFF RECOMMENDATION:

This is an informational presentation and staff requests council make a determination on whether or not they are interested in pursuing this and if so, provide direction on what they would prefer.

OPTIONS/ALTERNATIVES:

Ask staff to work on details of a next generation advisory committee, given guidance from this study session, and bring additional formation information back to council.

Do not pursue this committee at this time.
