

Legislation Text

File #: ID# 19-273, **Version:** 2

Agenda Date: 10/08/2019

Subject:
Envision Littleton

Prepared By: Kathleen Osher, Manager of Innovation & Performance Excellence, City Manager's Office

PURPOSE:

The joint leadership study session will review refinements made to the Comprehensive and Transportation Master Plans (TMP) following public comment and joint leadership feedback. This will be the last review of the final documents before planning commission holds a public hearing to consider its recommendation for adoption on October 14 and city council holds a public hearing to consider adoption on October 15, 2019.

PRESENTATIONS:

Staff Presenter(s):	Kathleen Osher, Manager of Innovation & Performance Excellence, City Manager's Office
Additional Presenter(s):	Keith Borsheim, Transportation Planner, HDR; and Gary Mitchell, President, Kendig Keast Collaborative

SUMMARY:

The Comprehensive Plan and TMP resulted from an 18-month planning and community engagement process. The last 18-months included over 8,300 in-person conversations, over 70,000 electronic communications, over 45,000 total social media impressions (how many times Envision Littleton content was displayed to users), and 261 events. This community input has been the foundation for the final plans.

PRIOR ACTIONS OR DISCUSSIONS:

This is the seventh and final joint leadership session to discuss the update of the city's Comprehensive Plan and the creation of a first-ever TMP. Once public comment began on August 8 with the release of the draft plans, Envision Littleton entered the final phase, phase five - Draft Plans and Adoption.

The September 10 joint leadership session focused on the fiscal impact and implementation of Envision Littleton's 20 year vision for the city's future land-use and transportation infrastructure as part of phase four of the overall Envision Littleton process. TischlerBise, sub-consultant to KKC, evaluated the fiscal impact to the city of multiple development/redevelopment scenarios and recommended strategies based on the analysis. In addition, the Envision Littleton project team presented the suggested list of TMP potential projects, funding scenarios, and alignment with objectives based on level of service, safety, and access needs for each mode.

ANALYSIS:

Staff Analysis

Envision Littleton is on schedule with delivery of the final Comprehensive Plan and TMP for review at the October 8 joint leadership study session.

The plans received hundreds of comments from individuals, groups, organizations, and agencies that far surpassed expectations and recent public comment results for other municipalities in the region.

Council Goal, Objective, and/or Guiding Principle

Council Goal 1 - Envision Littleton - Comprehensive Plan update and creation of the Transportation Master Plan.
