Agenda Date: 07/27/2021

Subject:

Update on the CDOT Santa Fe Planning & Environmental Linkage (PEL) study

Prepared By: Keith Reester, Public Works and Utilities Director

PURPOSE:

Update City Council on current status of Santa Fe PEL public engagement.

PRESENTATIONS:

Staff Presenter(s): Keith Reester, Public Works and Utilities Director

Additional Presenter(s): N/A

SUMMARY:

The City has now arrived at a critical point in the Santa Fe Planning & Environmental Linkages study (PEL). Beginning Monday, July 19th the Colorado Department of Transportation (CDOT) team released the alternatives draft, including assessments and proposed “Early Action Projects.” EAP’s are ones that can be done within the next 2 years and will likely be funded 100% by Colorado FASTER funds (from car registrations).

Representatives from CDOT will join the study session and make a presentation on the status of the PEL, solicit comments from council on the draft alternatives, and review the next steps and timing for the project.
